for those who seek additional

"Teaches you to walk alone."
Trader Horn

knowledge after high school.

"You don't learn to hold your own in the world by standing on guard, but by attacking, and getting well hammered yourself."

George Bernard Shaw

College life is composed

of many facets of life.

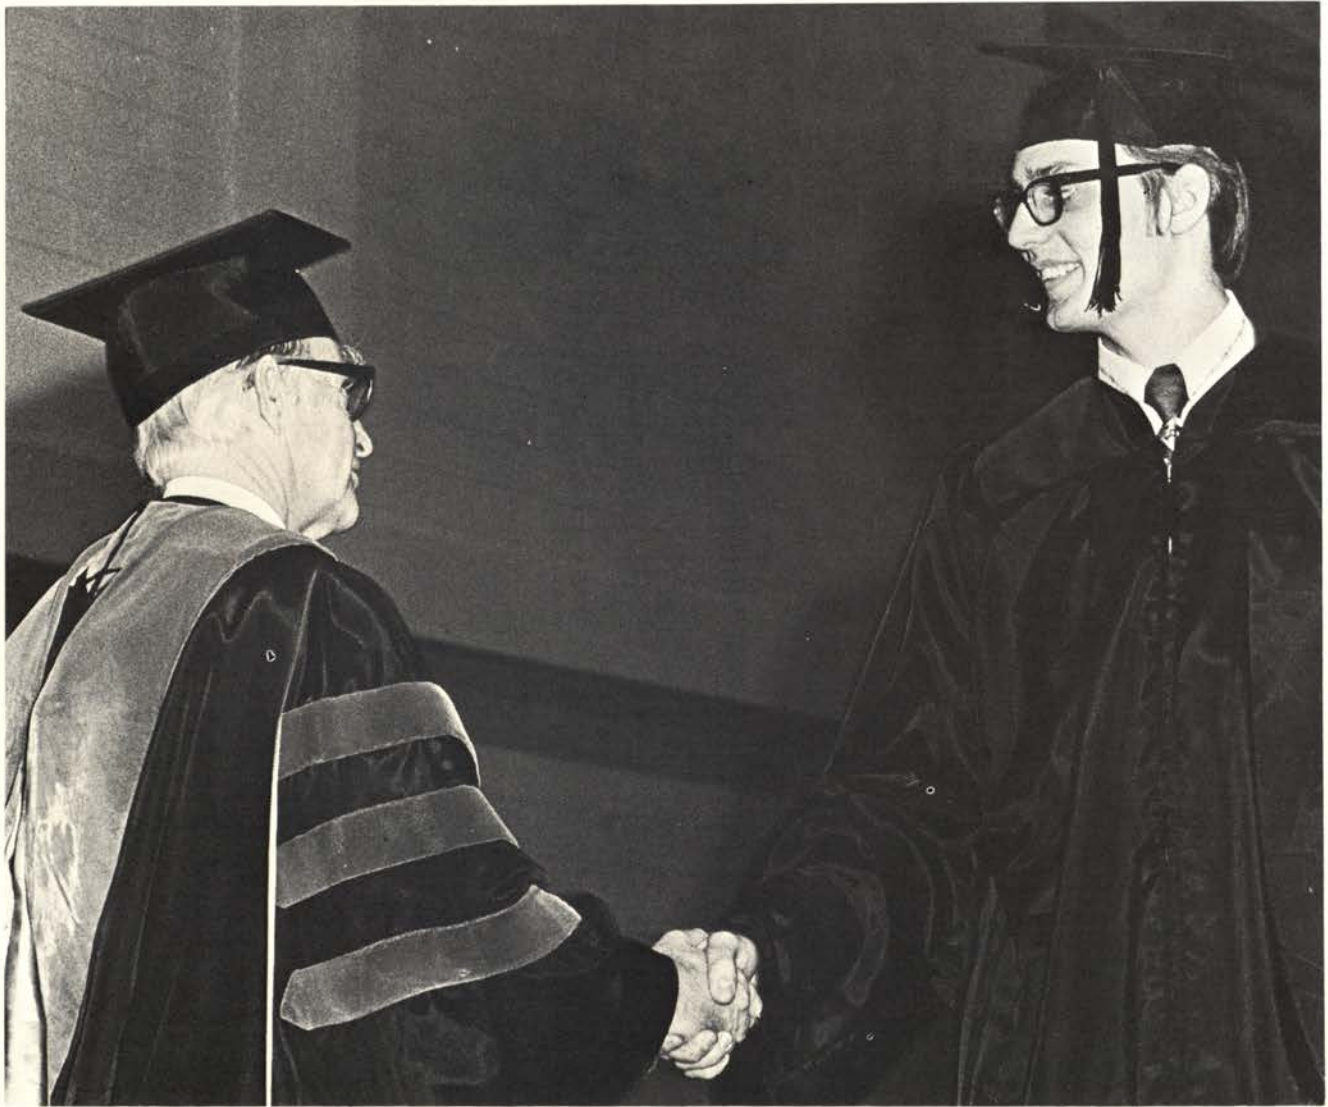

"Life is a play! 'Tis not its length but its performance that counts."

Seneca

Your education is composed of

"Happiness, I have discovered, is nearly always a rebound from hard work. It is one of the follies of men to imagine that they can enjoy mere thought, or emotion, or sentiment. As well try to eat beauty! For happiness must be tricked! She loves sweat, weariness, and self-sacrifice. She will be found not in palaces but lurking in cornfields and factories and hovering over littered desks; she crowns the unconscious head of the busy child. If you look up suddenly from hard work you will see her, but if you look too long she fades sorrowfully away."

David Grayson

experiences in HAPPINESS...

Happiness - the result of being too busy to be miserable.

LOVE...

"When one loves one doubts
even what one most believes."
La Rochefoncauld

"It is not customary to love
what one has."
Anatole France

RESPONSIBILITY...

"Responsibility is the thing people dread most of all. Yet it is the one thing in the world that develops us, gives us manhood and womanhood fibre."

Frank Crane

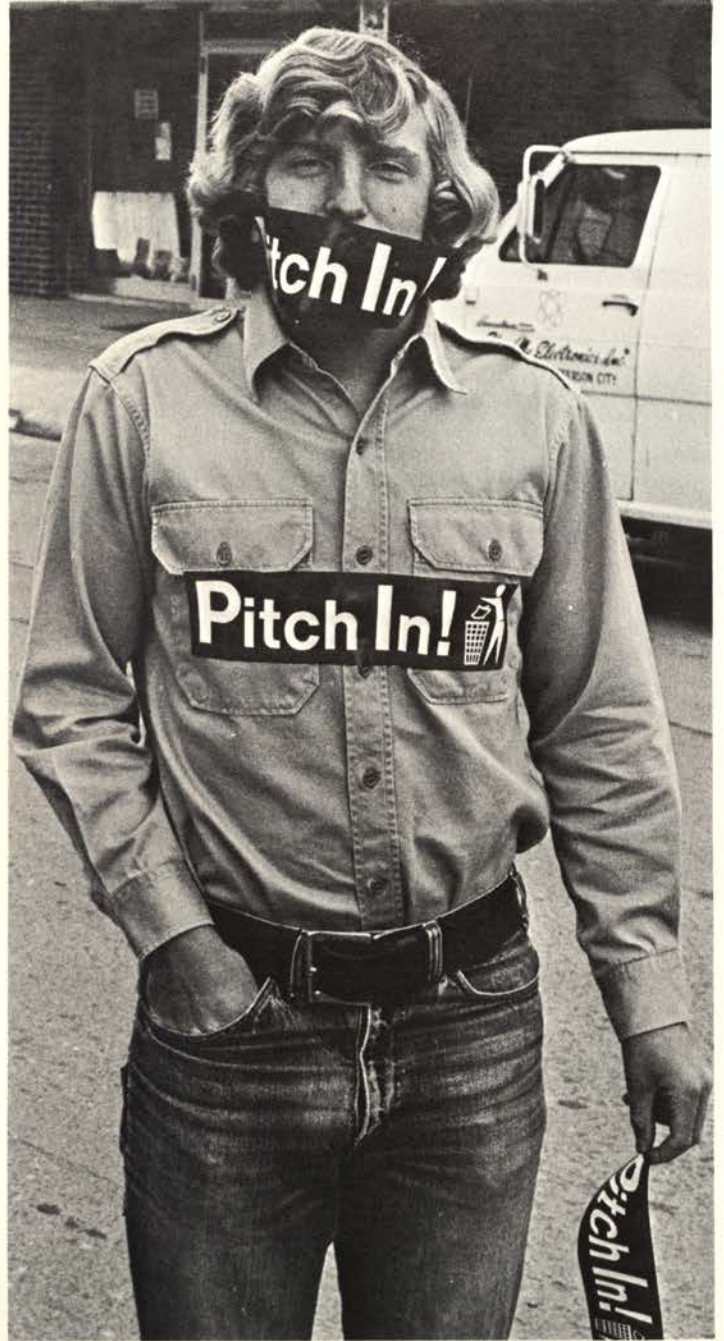

"I believe that every right implies a responsibility; every opportunity an obligation; every possession, a duty."

John D. Rockefeller Jr.

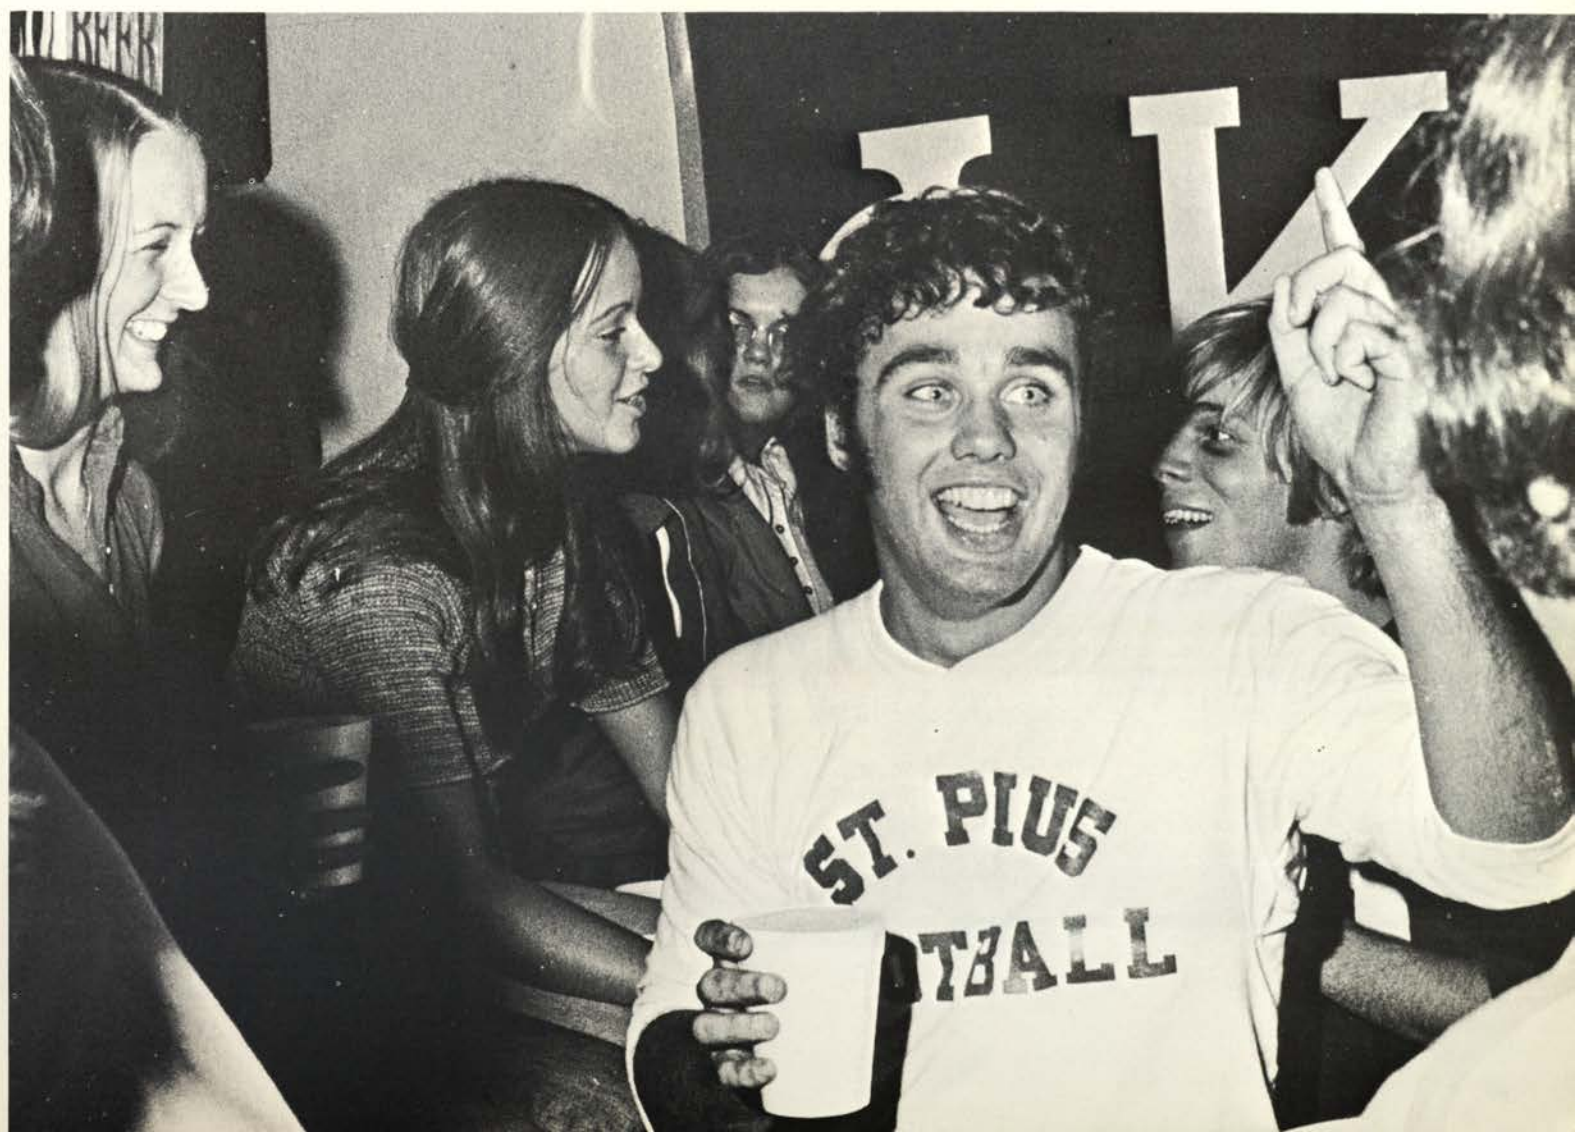

ENTHUSIASM...

"Every man is enthusiastic at times. One man has enthusiasm for 30 minutes, another man has it for 30 days, but it is the man who has it for 30 years who makes a success in life."

Edward B. Butler

DIFFICULTY...

"A great many people, maybe most people, confronted by a difficult situation, one in which they don't know what to do, get nowhere because they are so busy pointing out that the situation should be remade so they will know what to do."

James G. Cozzens

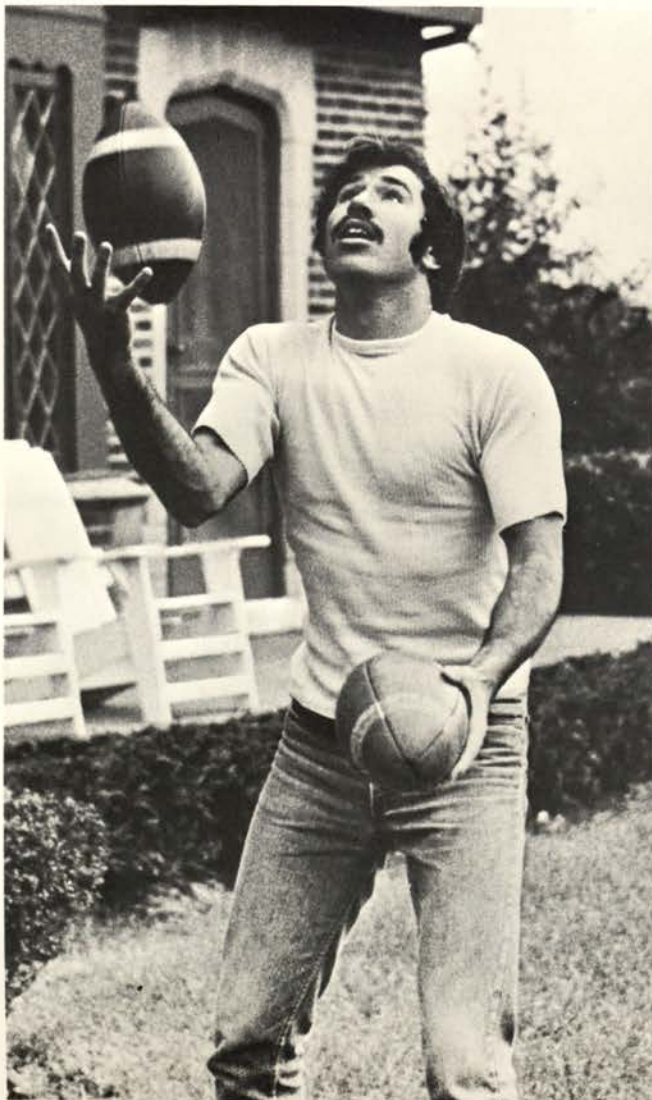

FAILURE...

"The real tragedy in life is not in being limited to one talent, but in the failure to use the one talent."

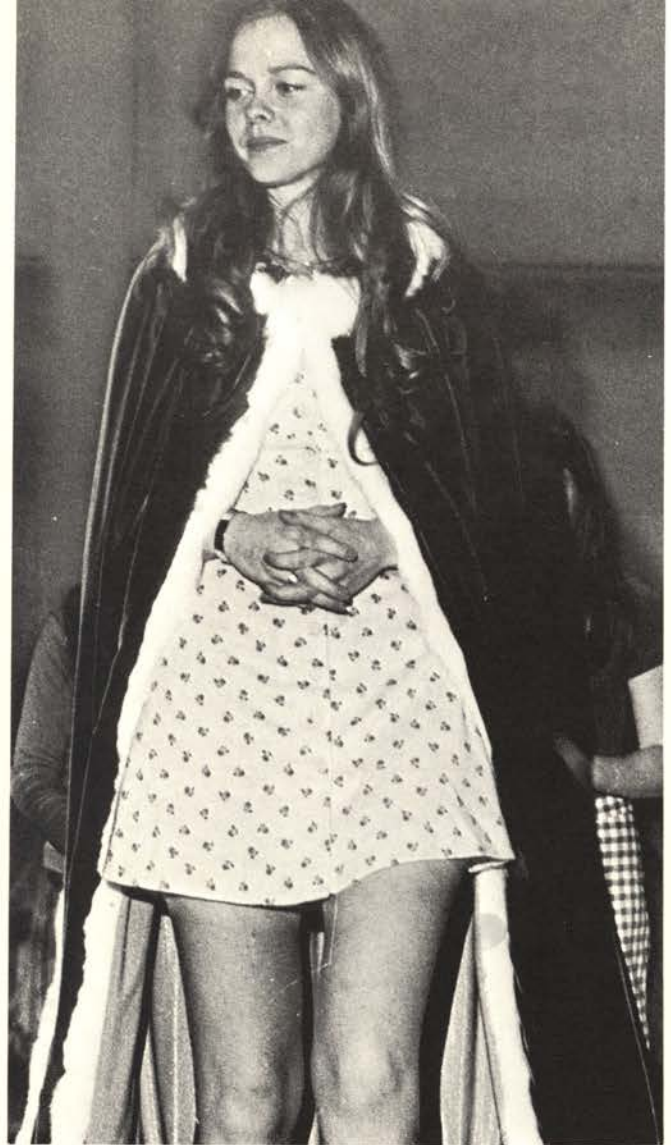

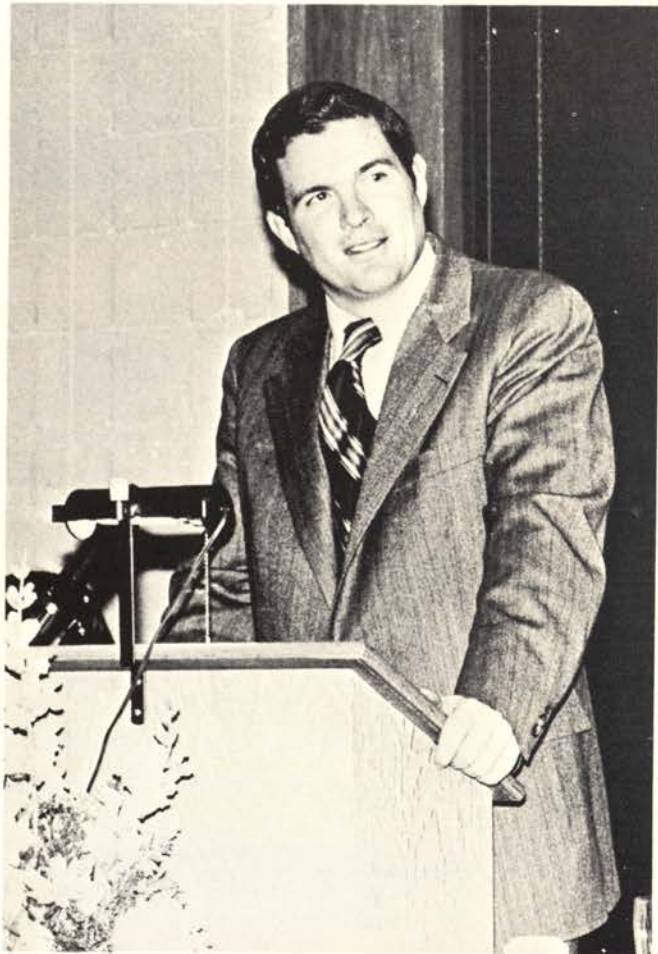

"Only the opportunity to begin again, more intelligently."
Henry Ford

SUCCESS...

"The higher men climb, the longer their working day. For to keep at the top is harder almost than to get there. There are no office hours for leaders."

Cardinal Gibbons

"It's difficult to climb a ladder with your hands in your pocket."

DEFEAT...

"It is defeat that turns bone to flint; it is defeat that turns gristle to muscles; it is defeat that makes men invincible."

Henry Ward Beecher

"What is defeat? Nothing but education, nothing but the first step to something better."
Wendell Phillips

and PROGRESS.

"Every step in our progress
towards success is a sacrifice.
We gain by losing; grow by
dwindling; live by dying."
R. D. Hitchcock

"You are making progress if each mistake you make is a new one."

The basic qualifications for an

"We sin grievously against ourselves
when we get somebody to do some-
thing for us which we could do."
Henry S. Haskins

individual who is in college...

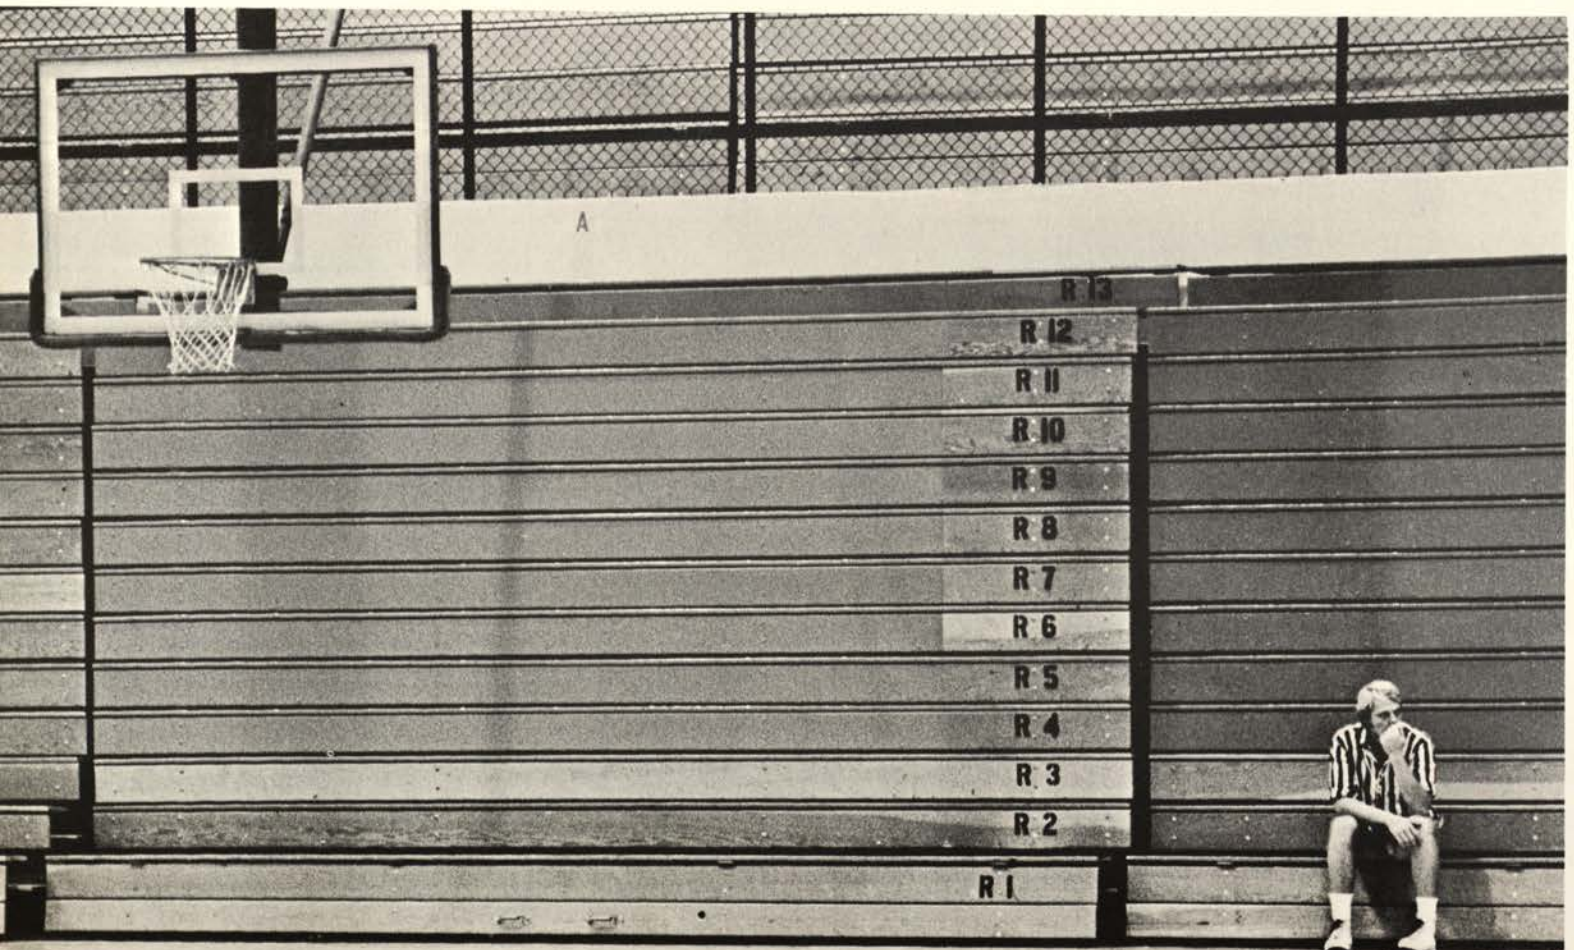

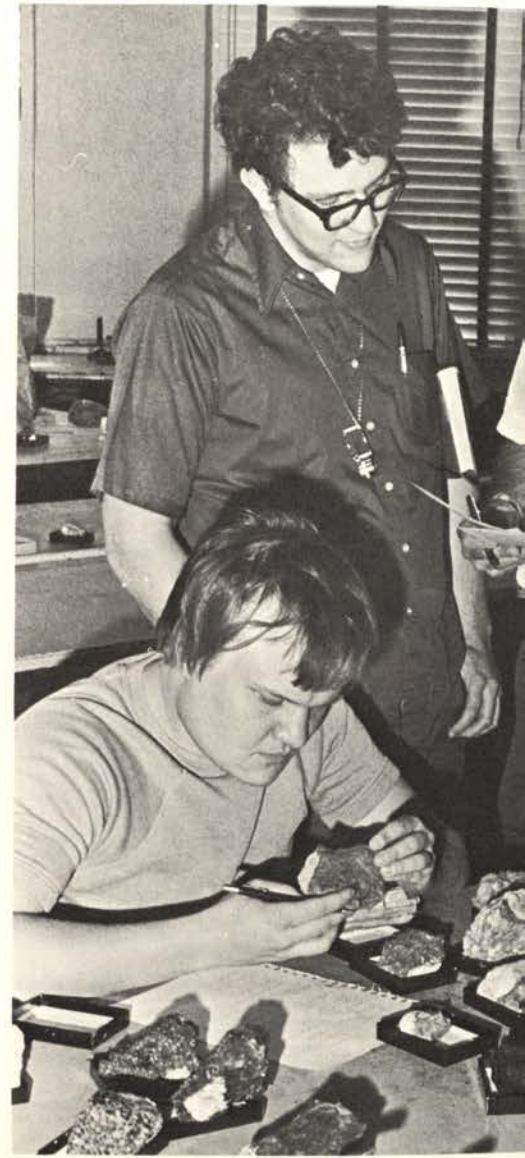

is that he be able to

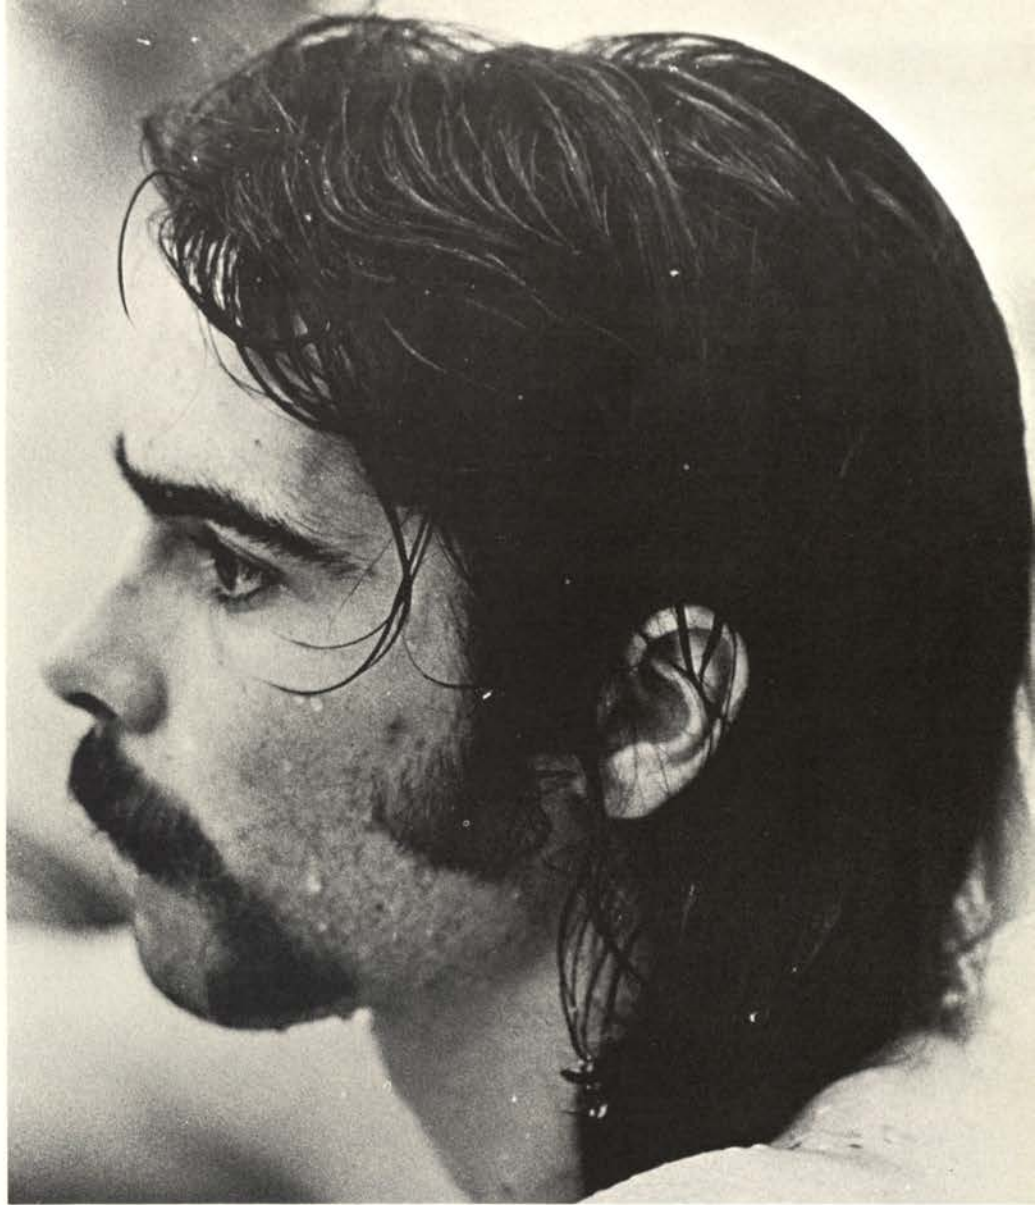

"You can lead a boy to college, but you cannot make him think."

Elbert Hubbard

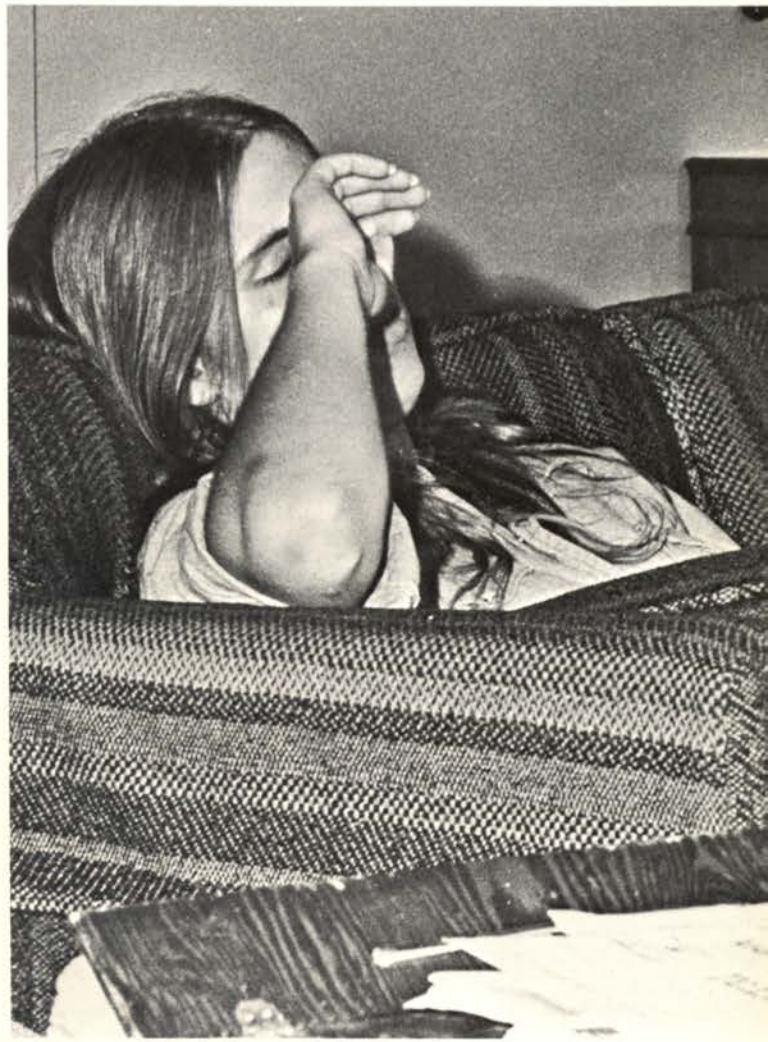

THINK...

"Getting an idea should be like sitting down on a tack; it should make you get up and do something about it."

"The fellow who says there is nothing new in
the world might try thinking."
Herbert V. Prochnow

to DECIDE...

"The man who insists upon seeing with perfect clearness before he decides, never decides."
Fridiric Amiel

"The probability that we may fail in the struggle ought not to deter us from the support of a cause we believe to be just."

Abraham Lincoln

to ACT...

"The tree in which the sap is stagnant
remains fruitless."

Hosea Ballow

"Activity is the only road to knowledge."
George Bernard Shaw

"Action makes more fortunes
than caution."
Vauvenaogues

"To Act is to annex to our thoughts
vaster fields of experience."
Maurice Barres

and then to **ACCOMPLISH.**

"We are not here to do what has already been done."
Robert Henri

"So long as I am acting from duty and conviction, I am indifferent to taunts and jeers. I think they will probably do more good than harm."

Winston Churchill

"Only a life lived for others is a life worth while."

Albert Einstein

"I fear that I am selfish when I give a gift, or help a friend, I do it, not because I should, but because it makes me feel so good."
Crystal Shoemacher

"To love the beautiful, to desire the good, to do the best."

Moses Mendelssohn

"Luther Burbank fell in love with plants; Edison fell in love with invention; Ford fell in love with motor cars; Kettering fell in love with research; the Wright brothers fell in love with airplanes. Someone has truly said: "Be careful what you set your heart on for it will surely come true."

ACTIVITIES

Party Weekends

S.U.B. Events

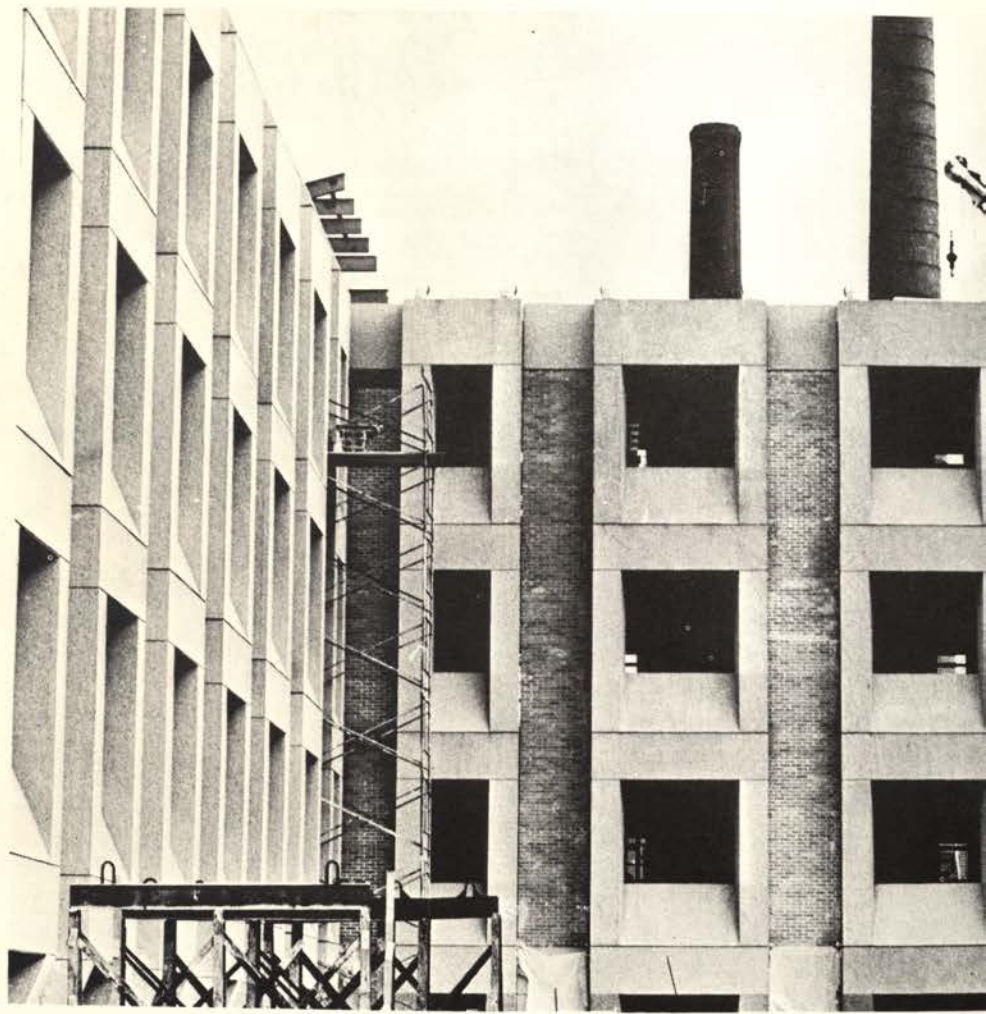

Dances

Concerts

Plays

Graduation

Coming Back

Many new changes greet the returning UMR student. These range from a new student ID, to a partly finished Chemical Engineering Building, to an almost finished Student Center and even to a Mall Beautification Project.

First Party Weekend

First Party Weekend, September 15th-17th, was a new idea this year. The thought of a street dance was new too, but four fraternities, Sigma Phi Epsilon, Phi Kappa Theta, Acacia and Triangle, got together and their combined efforts met with great success. The groups Circus and Puzzle alternately provided the music for the open-air dance.

The next night Ted Nugent and the Amboy Dukes entertained the party weekend crowd over in the Multi-Purpose Building.

House of Attreus

Dick and Ann Albin, the House of Attreus, came to Rolla for two days of workshops and concerts on September 21st and 22nd. Besides playing before a packed Student Union Ballroom crowd, the husband-wife team also traced the beginnings of Ozark folklore and showed how they constructed their instruments. This year marked the third straight year the House of Attreus has included UMR in its national tour.

Blood Drive Great Success

Blood drives here at Rolla again produced outstanding results. On September 26th and 27th over 180 pints were collected, and another drive on December 5th and 6th drew 400 pints. The UMR Miners have always been noted for their great cooperation with the Red Cross.

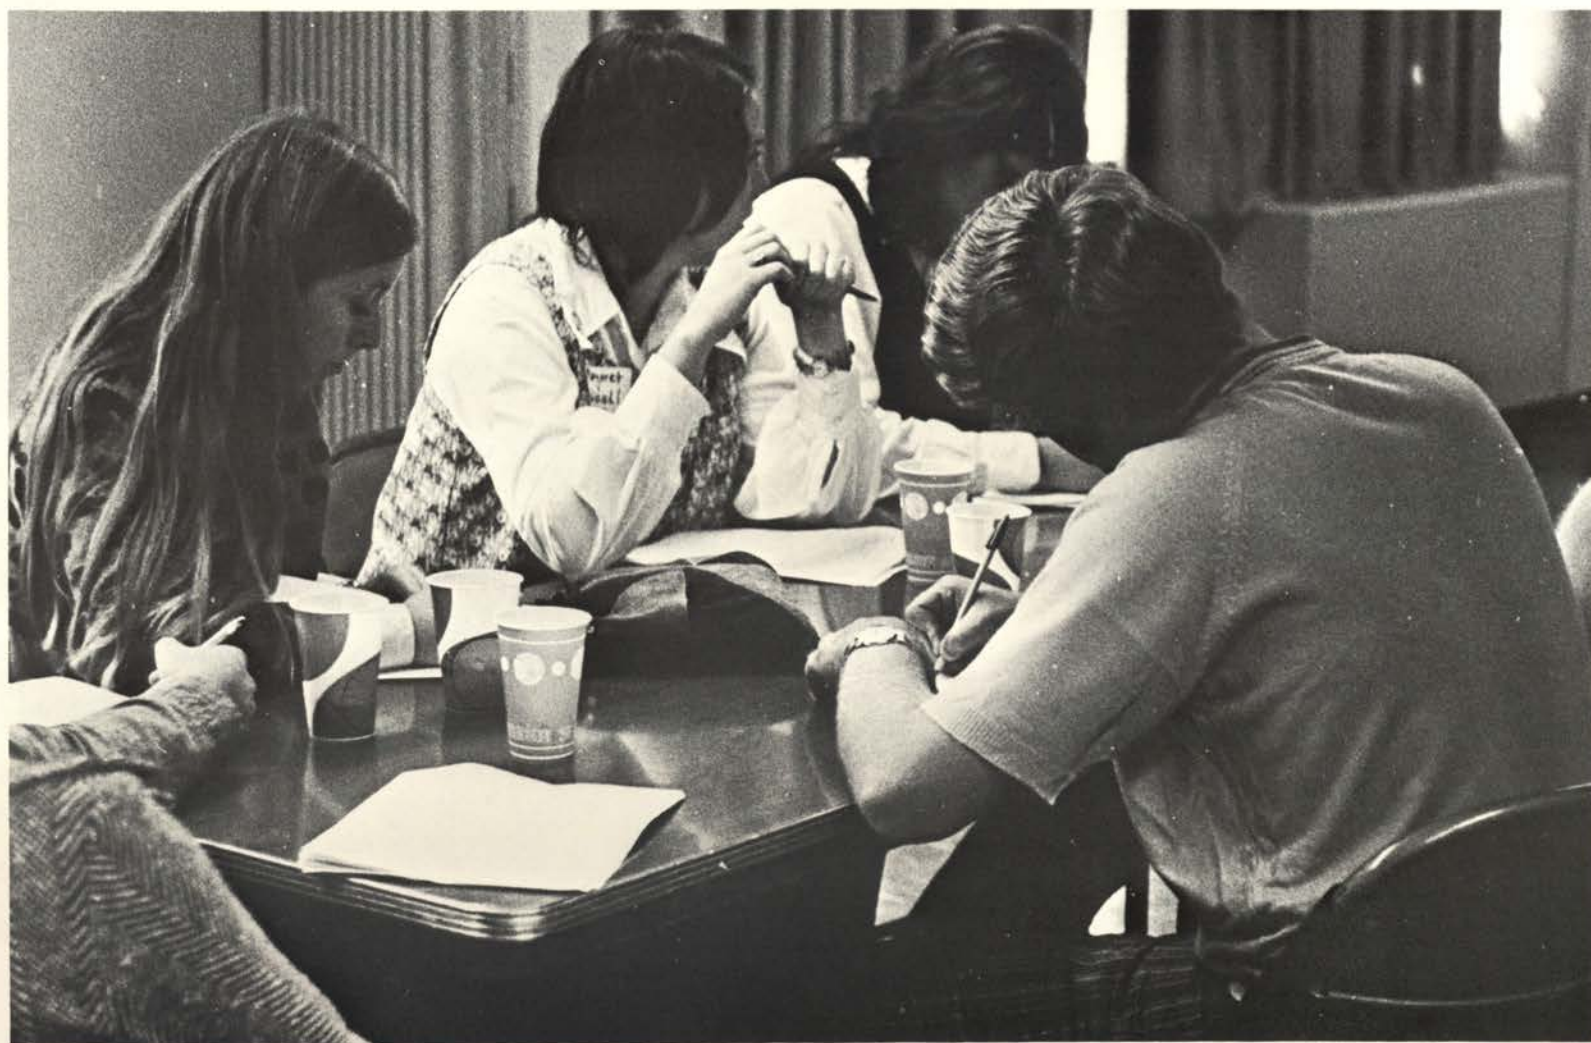

S.U.B. Workshop

Over thirty students took advantage of the National Leadership Methods Workshop, sponsored by the Student Union Board. The two day affair, September 29th and 30th, involved both team and individual learning experiences.

People for People

Many organizations provide service for the UMR campus and the Rolla community. The Intercollegiate Knights sell concessions at the football game; the University-sponsored Industry Day brought over 50 companies for the student to look into; and the Interfraternity Council held a clean-up campaign in the Rolla Area.

The Tempest

Everyman Players present their interpretation of Shakespeare's "The Tempest." The well-received troupe entertained more than 300 Miners on October 10th.

New Orleans jazz came to Rolla on September 26th in the form of Billie and Dee Dee Pierce's Jazz Band. They represented Preservation Hall, the famous French Quarter birthplace of the "free-spirit" jazz.

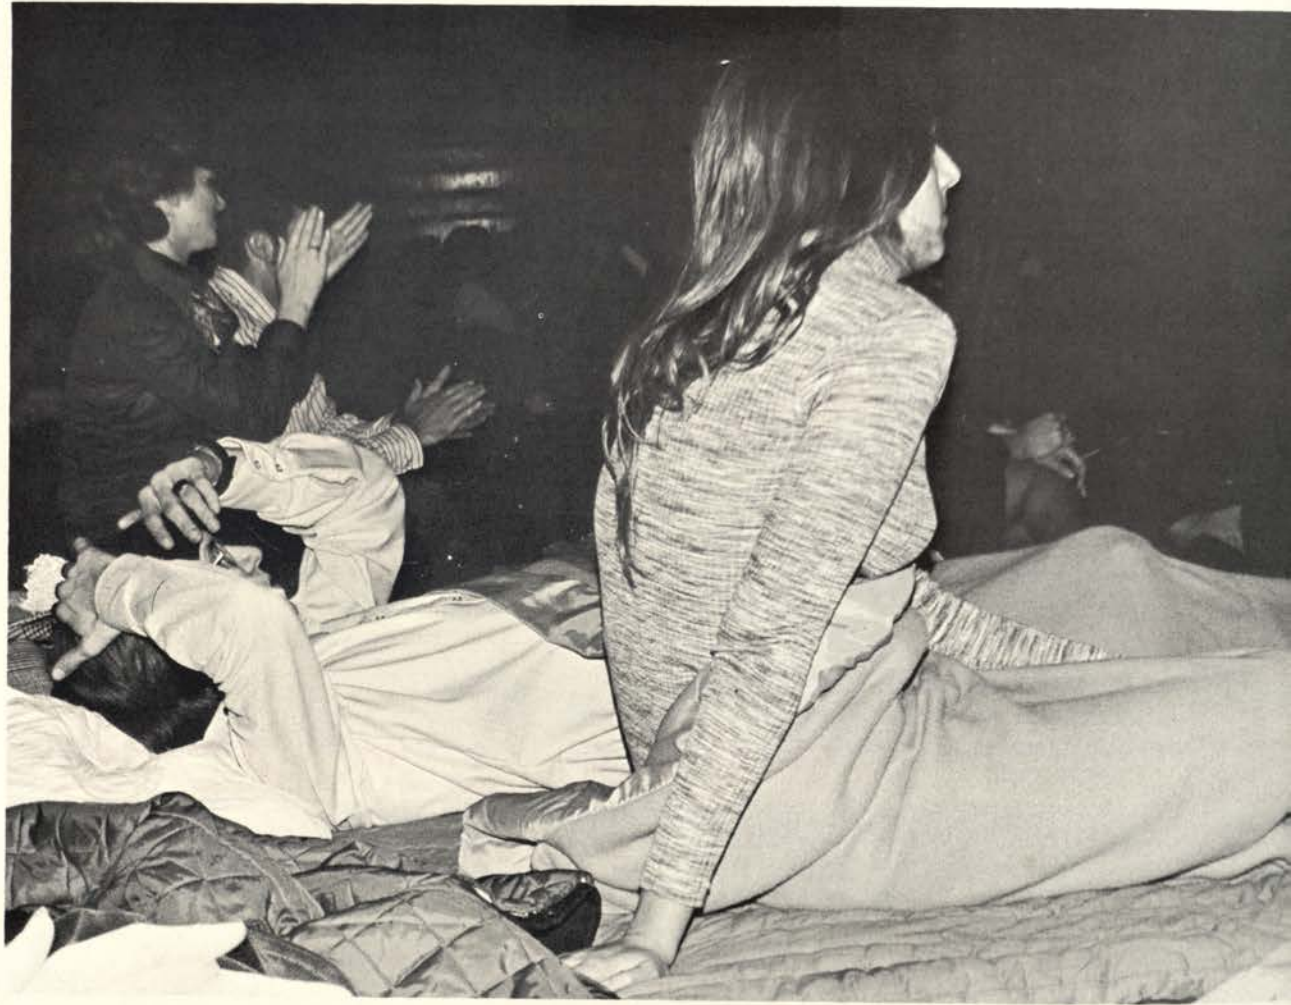

Homecoming Weekend

Homecoming, October 19th, was many, varied activities for different individuals. A small crowd, Chancellor Baker and Homecoming Queen Paulette Thompson, and a die-hard cheerleader were on hand for the Miners heart-breaking loss to the Springfield Bears in the last nineteen seconds, 3-0. Inside, some people got together for cards and others joined in different kinds of group activity.

Neil Sedaka Entertains

The Homecoming concert was a great success. Even though B.J. Thomas couldn't make it, Neil Sedaka graciously filled in and gave a large crowd of Miners and their dates a fine performance. He mixed some old and some new into an enjoyable early evening's entertainment, and was justly rewarded with a standing ovation.

Coronation Highlights

The coronation of Homecoming Queen Paulette Thompson by Student Union Board president John Lindstrom climaxed the weekend's activities. Mike Neehof, Paulette's escort, proudly leads Sigma Tau Gamma's representative up to the stage. Mike and Paulette are joined, first by the rest of the court, and then by the entire crowd in the Queen's dance. Although Miss Thompson became UMR's 1972 Homecoming Queen, many other pretty girls were also up for the nomination.

People Listen and Watch to Learn

World-reknown actor Rob Inglis came to UMR on October 31st to present his interpretation of Chaucer's **Canterbury Tales**.

Jose Greco teams up with Nana Lorca for a lively Spanish number. The purpose of Greco's performance is to increase the appreciation of the Spanish dance.

Occasional social gatherings, such as parties and coffeehouses, provide Miners with a chance to learn about people.

Christopher (Kit) Bond came to Rolla in late October during his campaign for governor of Missouri. Here he takes time out to present his ideas and goals to KMSM's Bill Tietze.

University Day

The experimental car built for the Urban Vehicle Design Contest, and winner of a special award, was one of the highlights of University Day, November 18th. Also on display was an actual Apollo moon rock. The Computer Science and Physics Departments are among those pictured showing off their facilities to the visitors.

Missouri Miner Music

Above, the Pep Band, directed by Darrell Elven, strikes up a spirited song during a Miner basketball game. At right, the Stage Band Jazz Ensemble performs with Mr. Arch Martin.

At left, Mr. Arch Martin in action; below, the Drifters play at the Homecoming Coronation Dance. At bottom, the Concert Band performs on December 4th, with Dr. David Oakley conducting. A full house turned out for the evening of music.

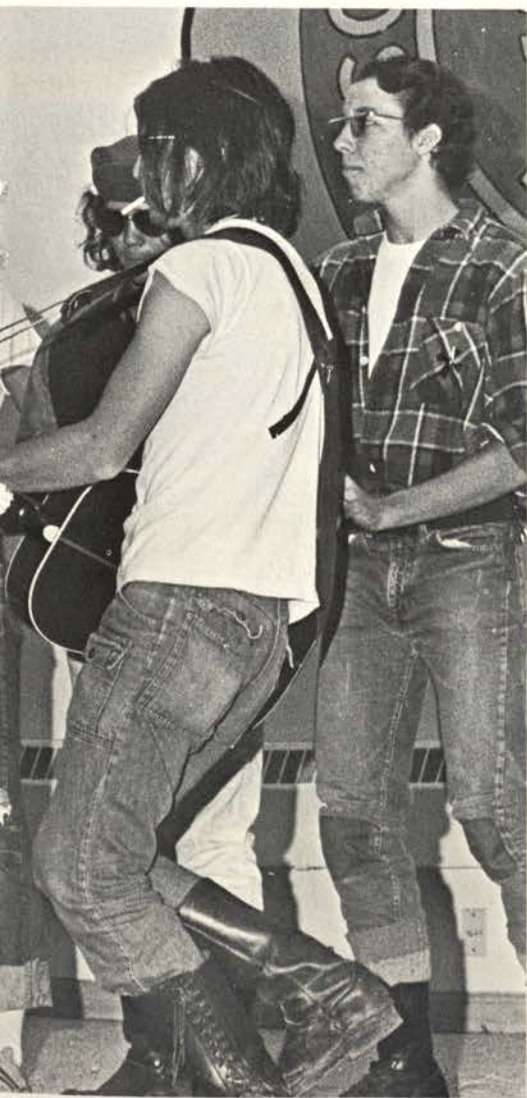

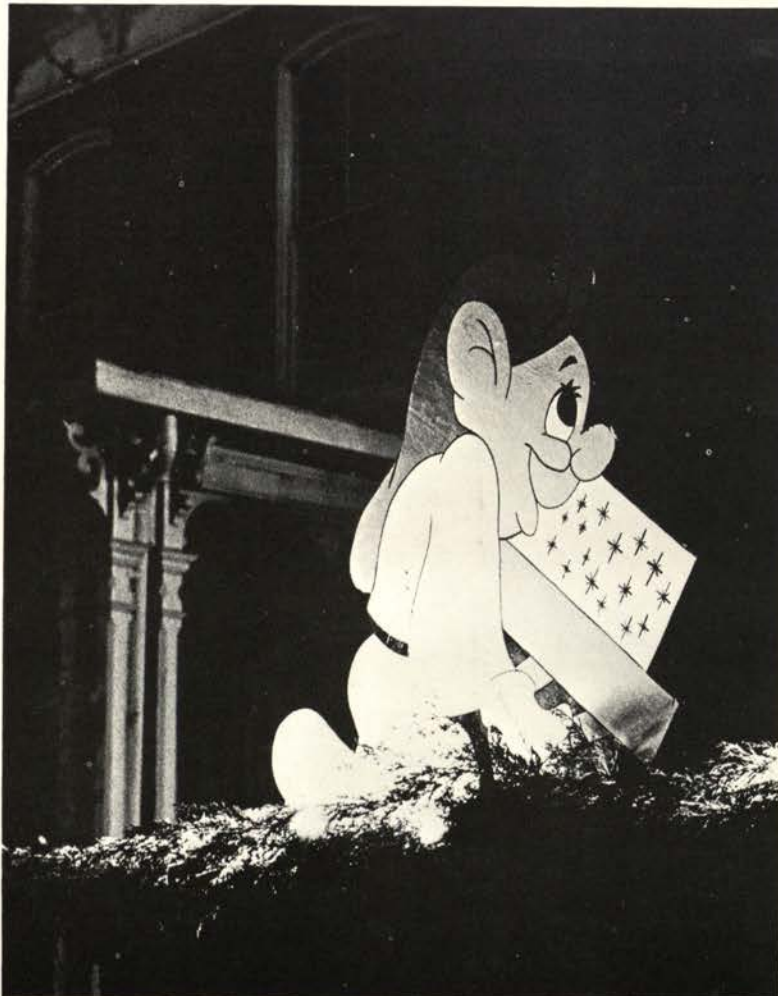

IFC Sing

The Interfraternity Council Sing got Christmas Party Weekend, December 1st and 2nd, off to a good start. A jam-packed Student Union Ballroom saw a wide variety of performances. Phi Kappa Theta put on a skit about the Old West as they did the song "Paint Your Wagon." Theta Xi fraternity got together for a rousing chorus of "Silhouettes." Nancy Novak, Nancy Ayres and Kathy Beck, three of Lambda Chi Alpha's Crescents, graced the novelty portion of the program with a rendition of "Thoroughly Modern Millie." The Drifters provided music relief between acts.

Christmas Party Weekend

Parties were the order of the evening Saturday. Some fraternities, such as Sigma Nu, went all out for decorations. Santa Claus even made an early appearance in honor of the many pretty faces that brightened the weekend. Everyone had a way to spend their time, ranging from tapping the old keg to carrying on some very interesting conversations.

Good Cheer To All

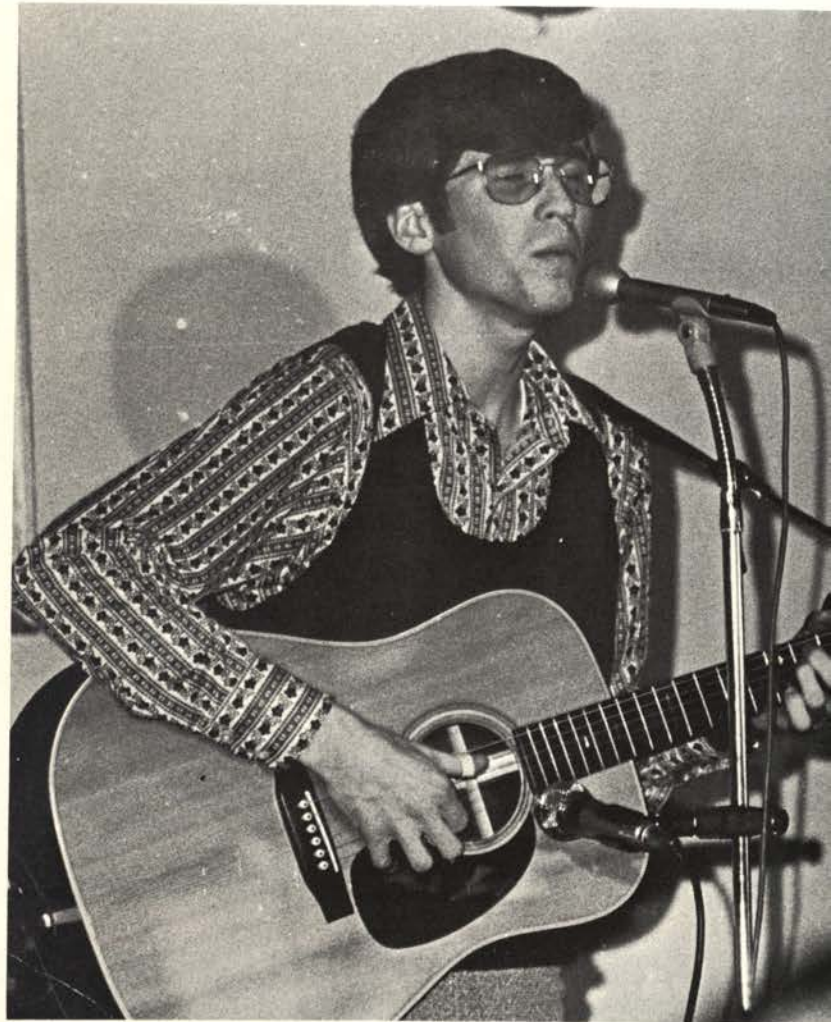

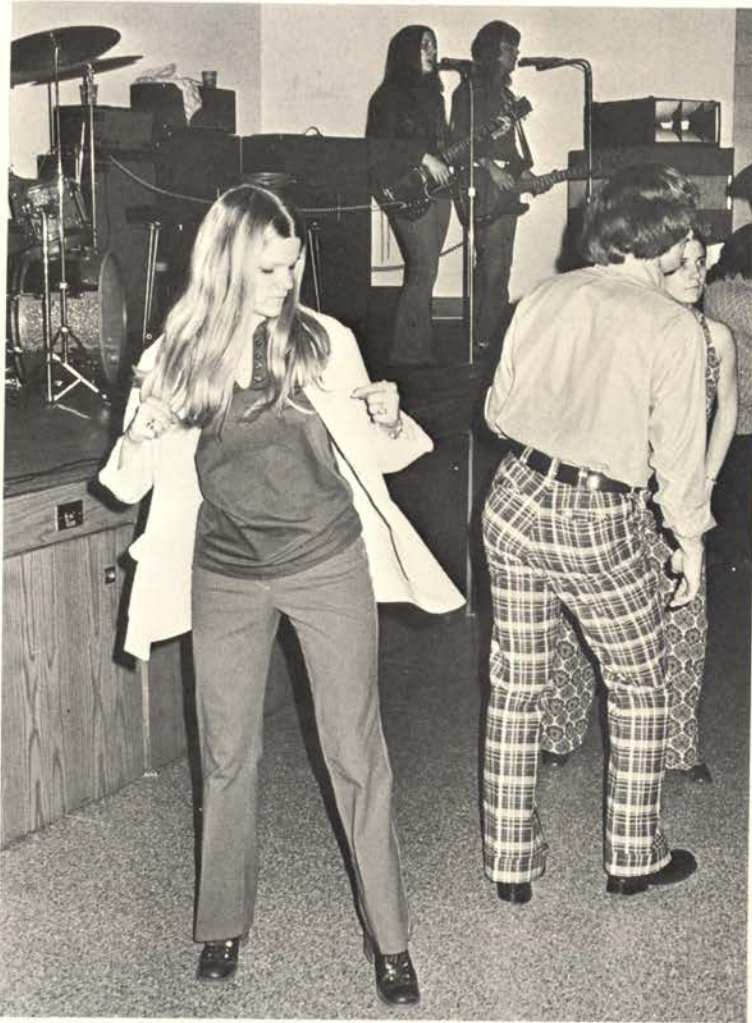

Even in the midst of all their partying the Miners still found time to make others happy. The residents of Thomas Jefferson had a party for the members of St. James' Boy's Town. The day included roller skating, cartoons, cake and ice cream and gift giving. The graduating seniors of Phi Kappa Theta give a toast to their success. They are joined in their fun by Mrs. Rowland Johnston, a long time friend of the fraternity and their adopted chapter sweetheart. Santa Claus even found room to give a poor, deprived Miner something to keep him mindful of the joys of Christmas.

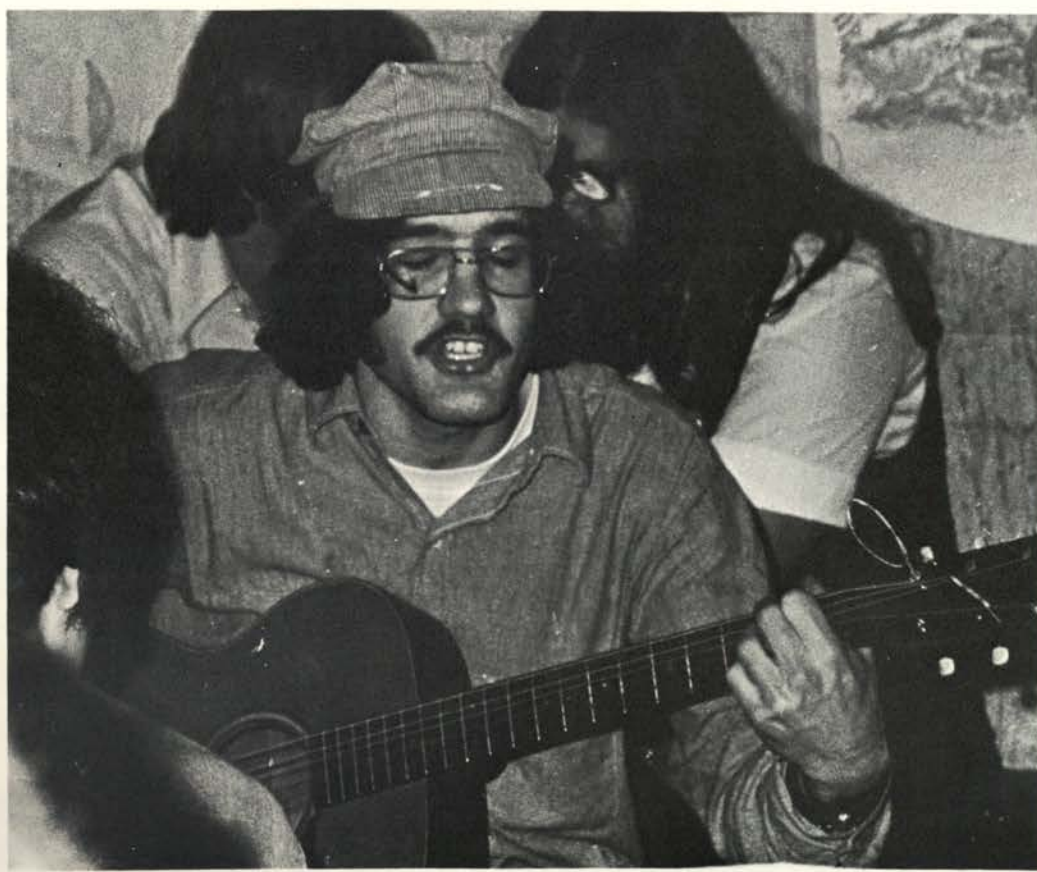

S.U.B. Sponsors Music

The Student Union Board sponsored many musical groups this year. These were comprised of dances and special performances. UMR students could also attain the nonprofession type music such as featured at "Greenhouse."

Ace Trucking Company

White Roots of Peace

The Ace Trucking Company made their premier appearance at UMR on January 20th. The group did a series of satirical and comedy acts that were styled to the mood of the Miner crowd. The program was very good, and the improvisational group received heavy applause throughout the concert.

On January 31st, the White Roots of Peace group came to UMR to explain American Indian beliefs and legends. They spoke in both English and Mohawk. A thanksgiving meeting in the evening followed a day of exhibits of Indian crafts and arts.

St. Valentine's-

Military Ball Weekend

The weekend of February 9th and 10th had a double meaning. It was both Valentines party weekend and Military Ball weekend. The highlight of the weekend came on Saturday night as Evelyn Gayer, a Mechanical Engr. senior, was crowned Military Ball Queen.

Shakespeare's Midsummer

Night's Dream

On February 28th The National Shakespeare Company brought the "spirit of youth" to the University Center-Centennial Hall as it presented **A Midsummer Night's Dream**. The light Shakespeare play is a fantasy of folklore and fairies. Man's folly is laughed at, as Puck exclaims, "Lord, what fools these mortals be."

Fashion Show

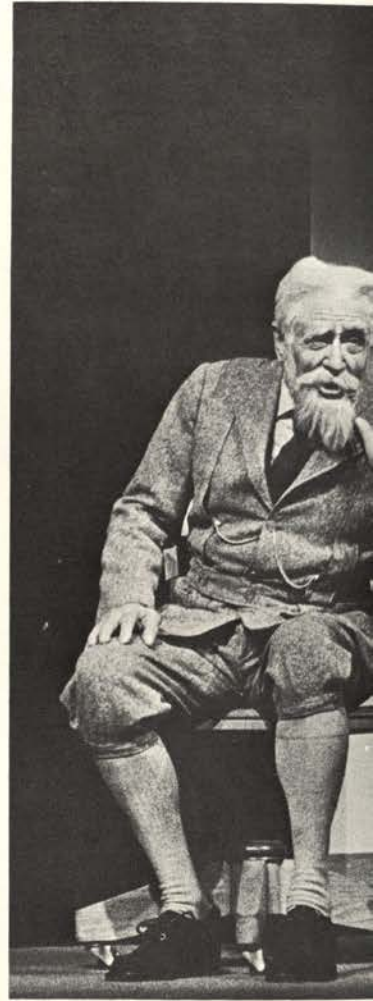

The Student Union Board sponsored two fashion shows throughout the year. They were both fun for the girls who got to show off, and for the guys who got to watch. The second one, on March 2nd, came off especially well.

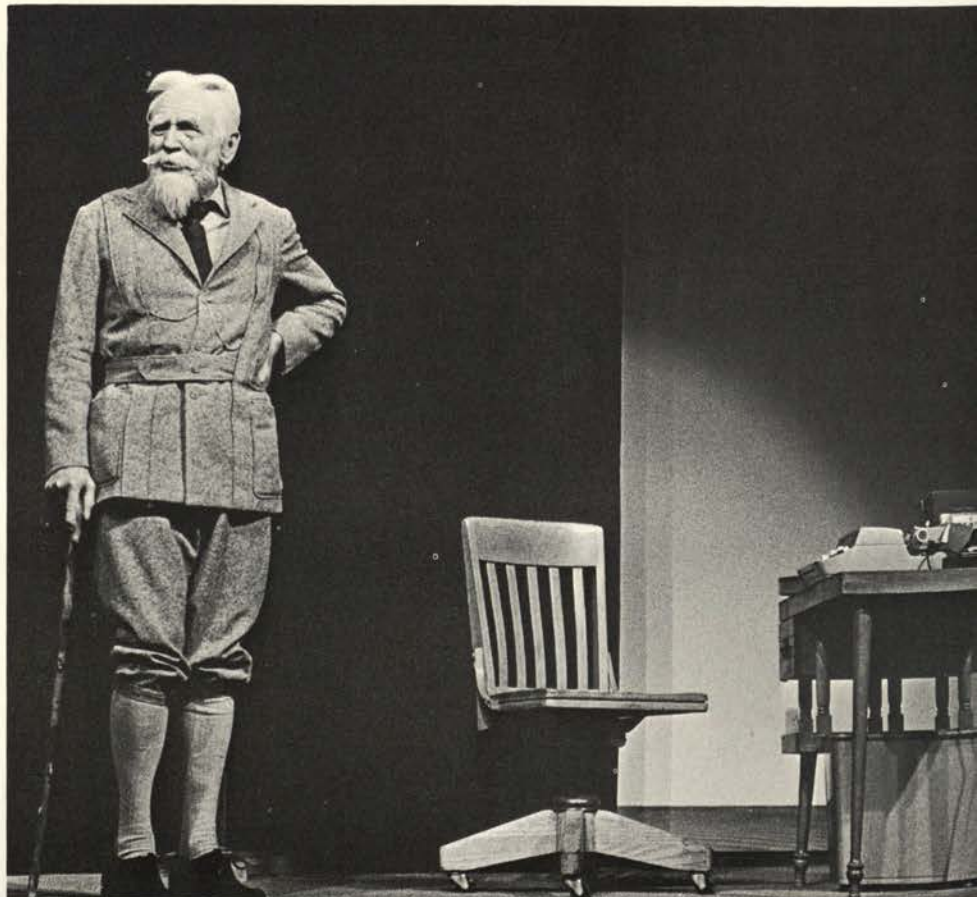

Special Events Presented

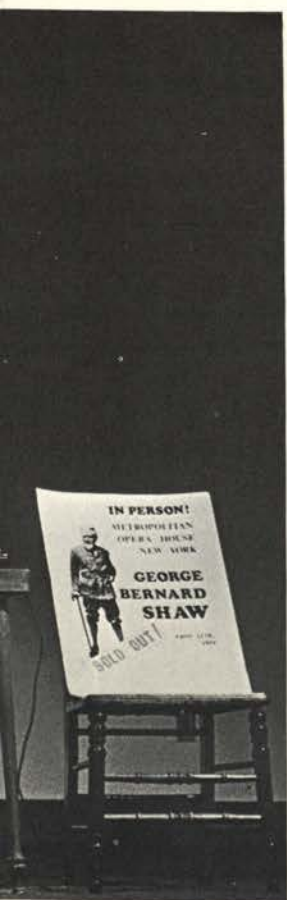

On March 9th, Chitiri Arpi (Four Harps) appeared at the University Center. The ensemble features the four leading women harpists of the Soviet Union, and represents one of the first occasions on which the Russians have sent a small group on tour outside their own country.

Bramwell Fletcher appeared as George Bernard Shaw on April 3rd. A very prominent actor, Mr. Fletcher has put together Shaw's own story, from the millions of words that Shaw wrote.

On April 12th, the Black Student Choir from UMSL highlighted Black Culture Week's activities.

During Second Semester

St. Patrick-Patron

Saint of Engineering

March 15-17 marked the days that were set aside to honor St. Pat, the patron saint of engineers. Much preparation went into the three days of constant activity, and much credit is to be given to the St. Pat's Board.

Roger Kramer reigned as St. Pat. On Friday, the 16th, the games were held at Lion's Club Park. Jack Phillips won the endurance contest, Jim Greer won the six-pack chug and Georgia Schmidt won the girls' quart chug.

More St. Pat's Fun

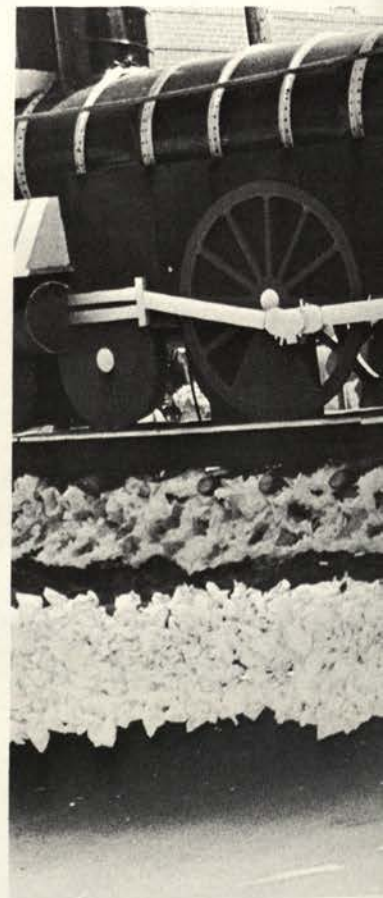

St. Patrick enjoyed himself with his lovely queen and her court. Chosen to reign as St. Pat's Queen for 1973 was Miss Marilee Robinson. The queen's court was composed of Kim Hapgood, Robbie Hummel, Linda Schilling and Ann Carmichael.

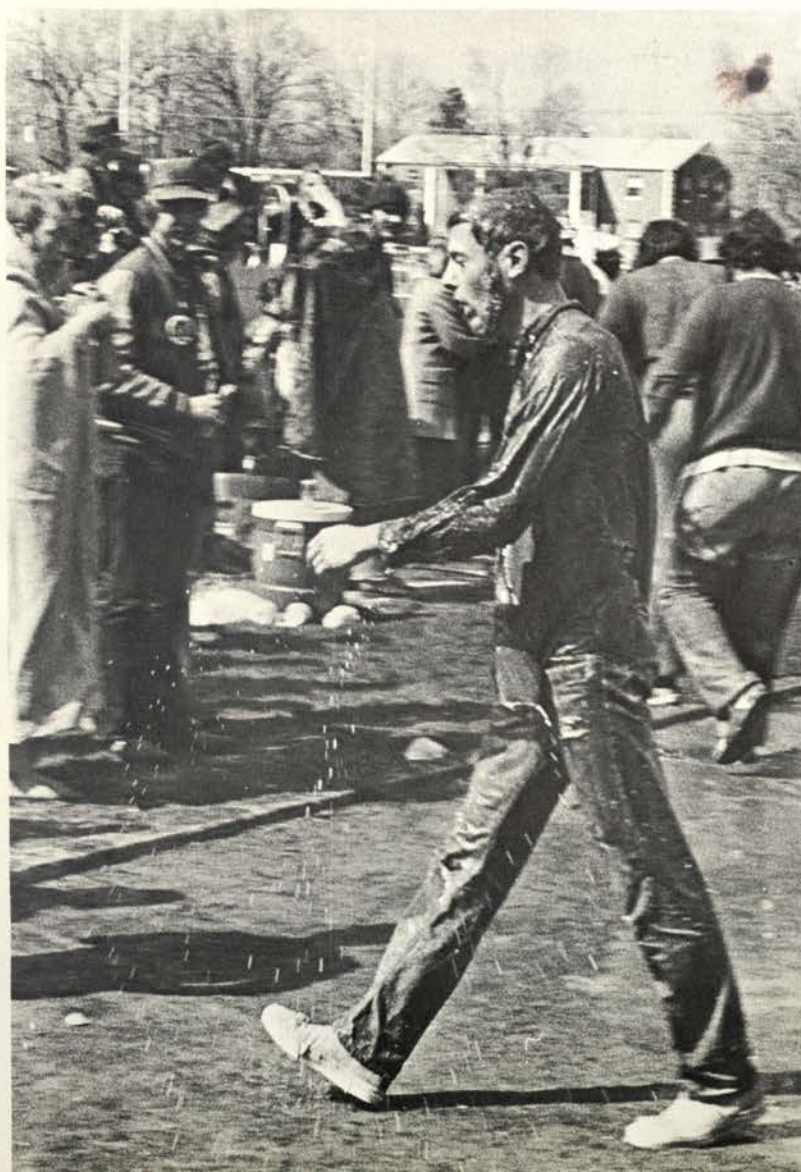

What A Weekend It Was

Achievements in Engineering was the theme of the annual St. Pat's parade. A beautiful parade was enjoyed by a large number of Miners and Rolla townspeople, with Sigma Pi's "Mickey Mouse and the Model T" taking the grand prize honors.

Sweet Charity a Success

March 22-24 marked the run of Neil Simon's play "Sweet Charity." The three performances were standing room only, as the efforts of the UMR Theater Guild and Music Department were overwhelmingly received. Top performers were Kathy Beck as Charity Hope Valentine, Rosanne Ditzell as Helene, June Frye as Nickie and Daniel Bruns as Oscar Lindquest.

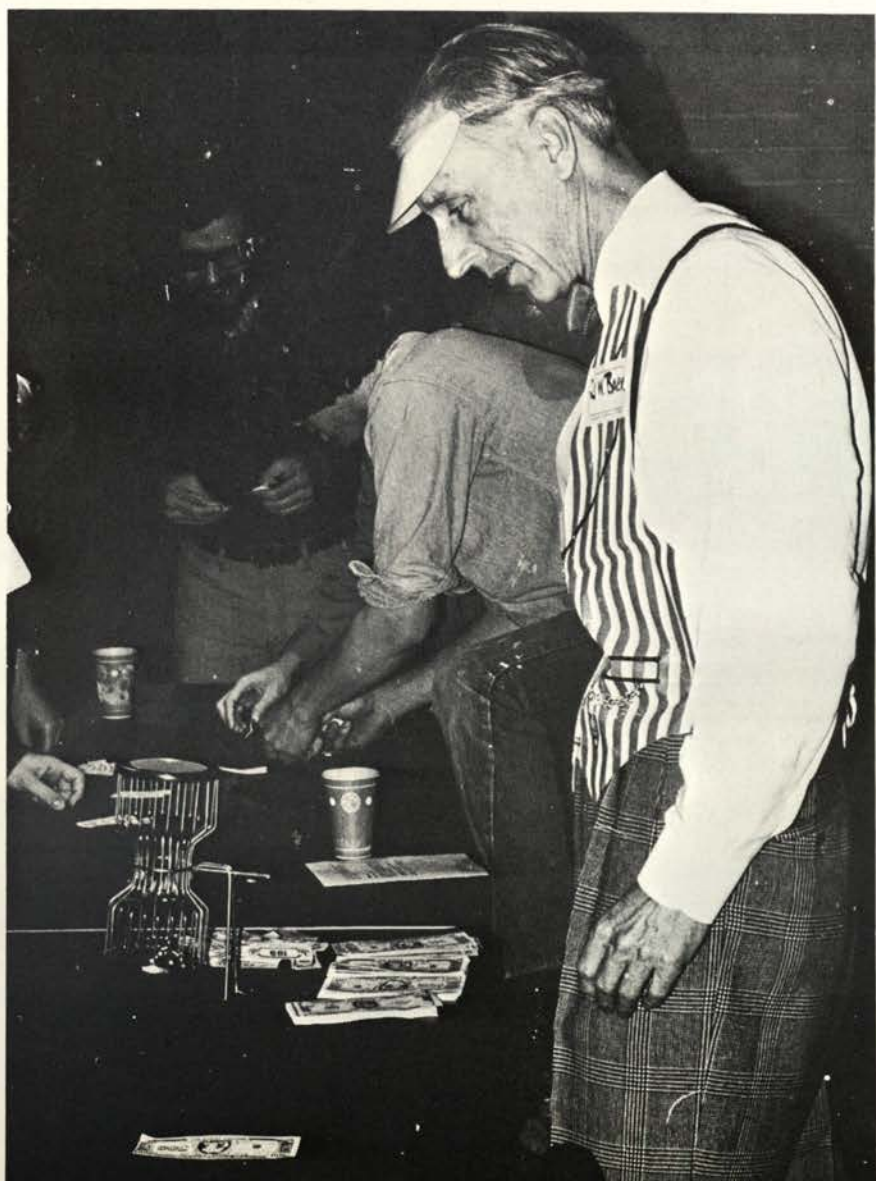

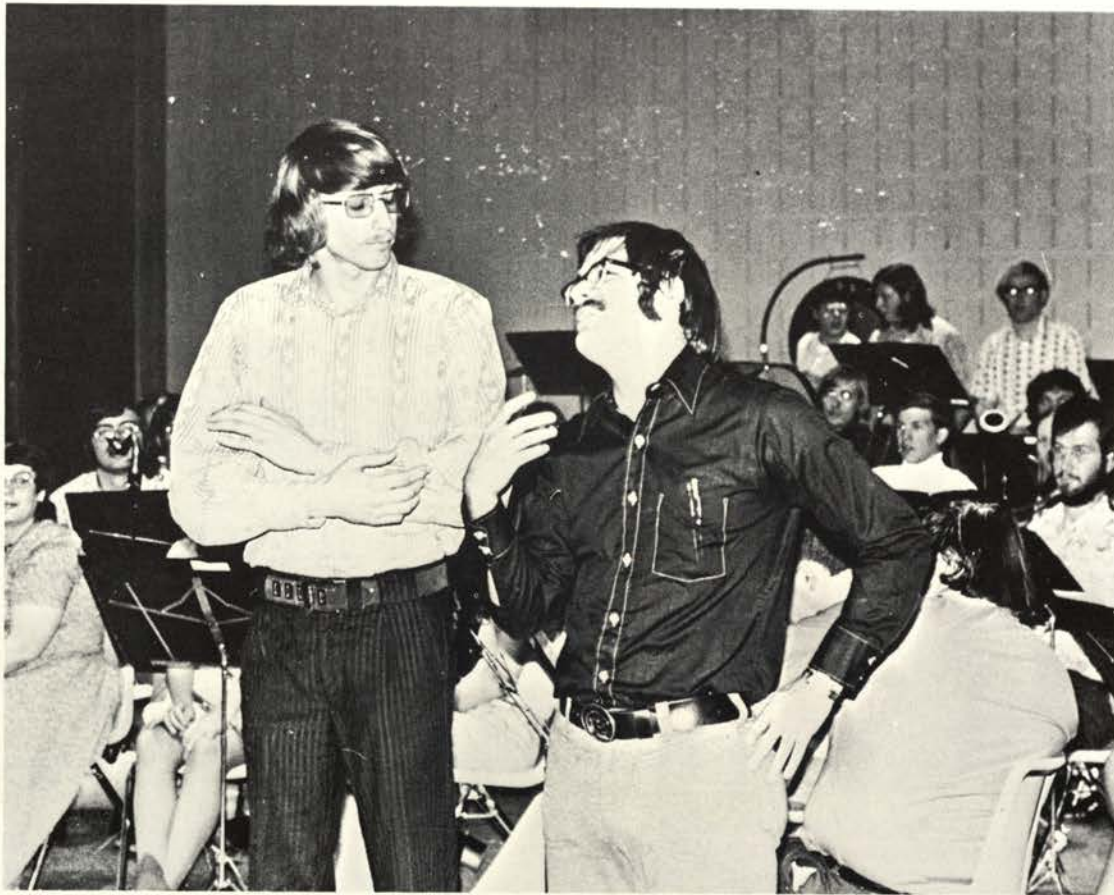

Student Union Board's

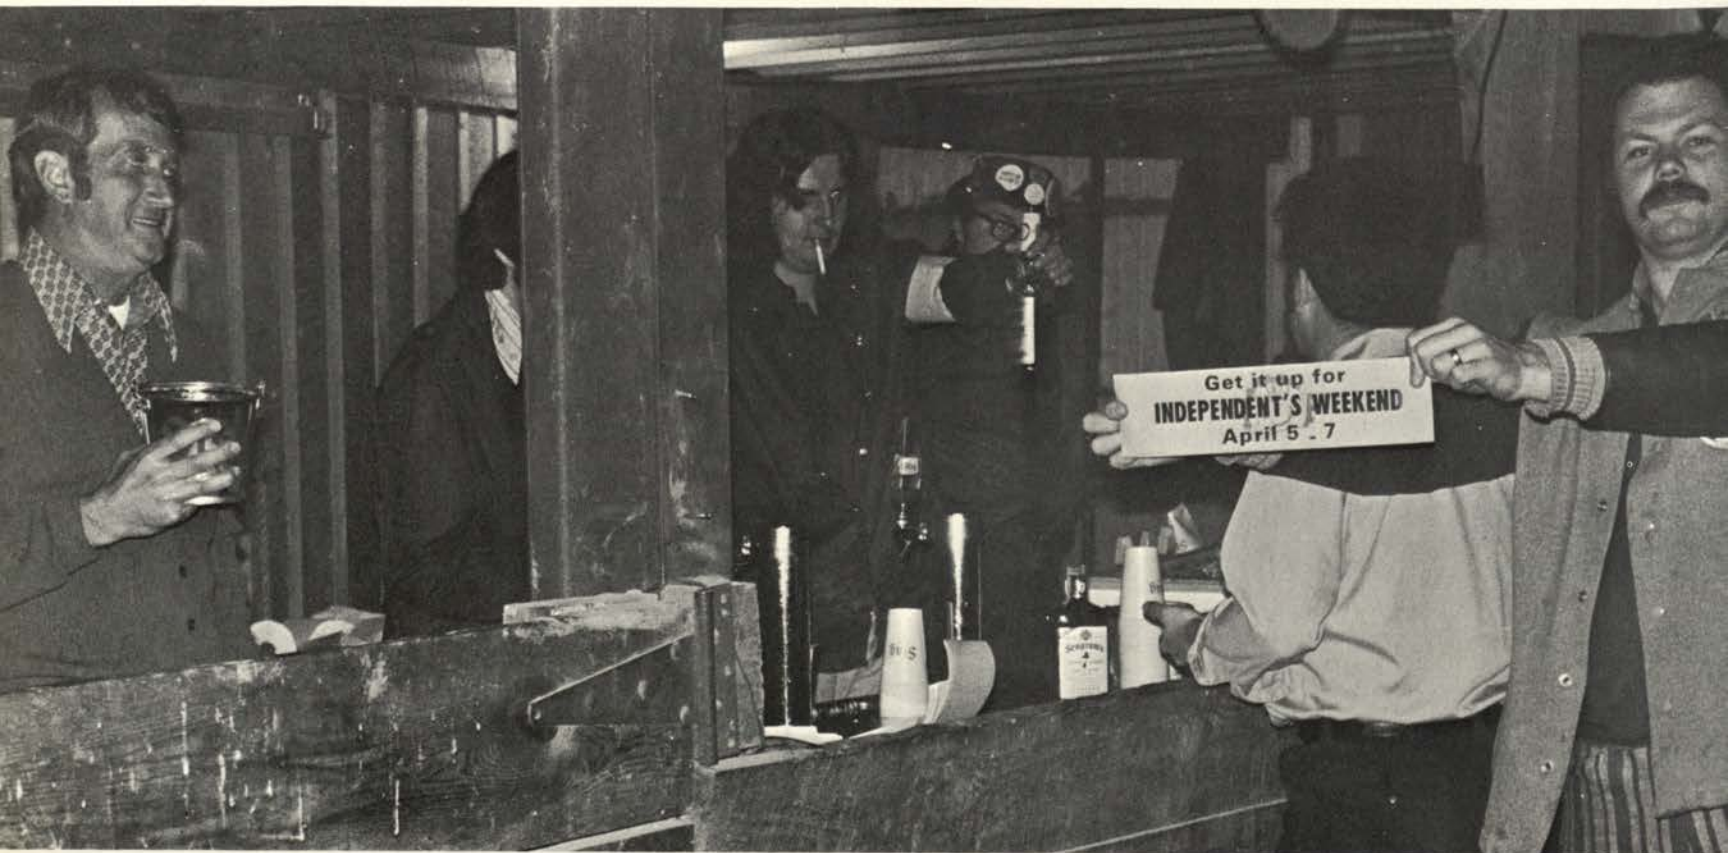

The week of March 25-30 was dedication week for the new University Center. The Rio Clemente Trio, a Casino-Nightclub, and Anderson and Elven combined to highlight the activities on Thursday.

Dedication Week

Independent's Weekend

A concert, dances, games and parties were the marks of a successful Independent's Weekend, held this year on April 6-8. The S.U.B. had Mason Proffit on Thursday, and then it was on to Echo Valley for the rest of the weekend.

Independent's Weekend Fun

The highlight of Independent's Weekend was the Coronation Dance on Saturday at Thomas Jefferson. Chris Caudell, a psychology freshman at UMR, was crowned queen.

Rugby Tournament

On April 8-9, the UMR Rugby Club hosted the first annual Stag Midwest Invitational Intercollegiate Rugby Tournament. The Miners won their first two games, but lost in the third round to MU, and ended up fourth. Central Methodist College took first.

Gov. Bond at S.U.B. Banquet

Gov. Christopher "Kit" Bond spoke at the Student Union Board's Recognition Banquet Thursday, April 12th. Gov. Bond commended the S.U.B. by saying, "We honor outstanding citizens who have made a great contribution to this University and to the State."

1973 Greek Week

April 23-28 was set aside from mortal man and was proclaimed 1973 Greek Week. The IFC scheduled a week full of activities. The mighty gods who ruled over the fun were Steve Robertson, Bob Scanlon, Mark Armstrong, Craig Fadem and Dan McBride. Steve was also named IFC Man of the Year at the banquet on Thursday. Friday was the carnival and Saturday the games.

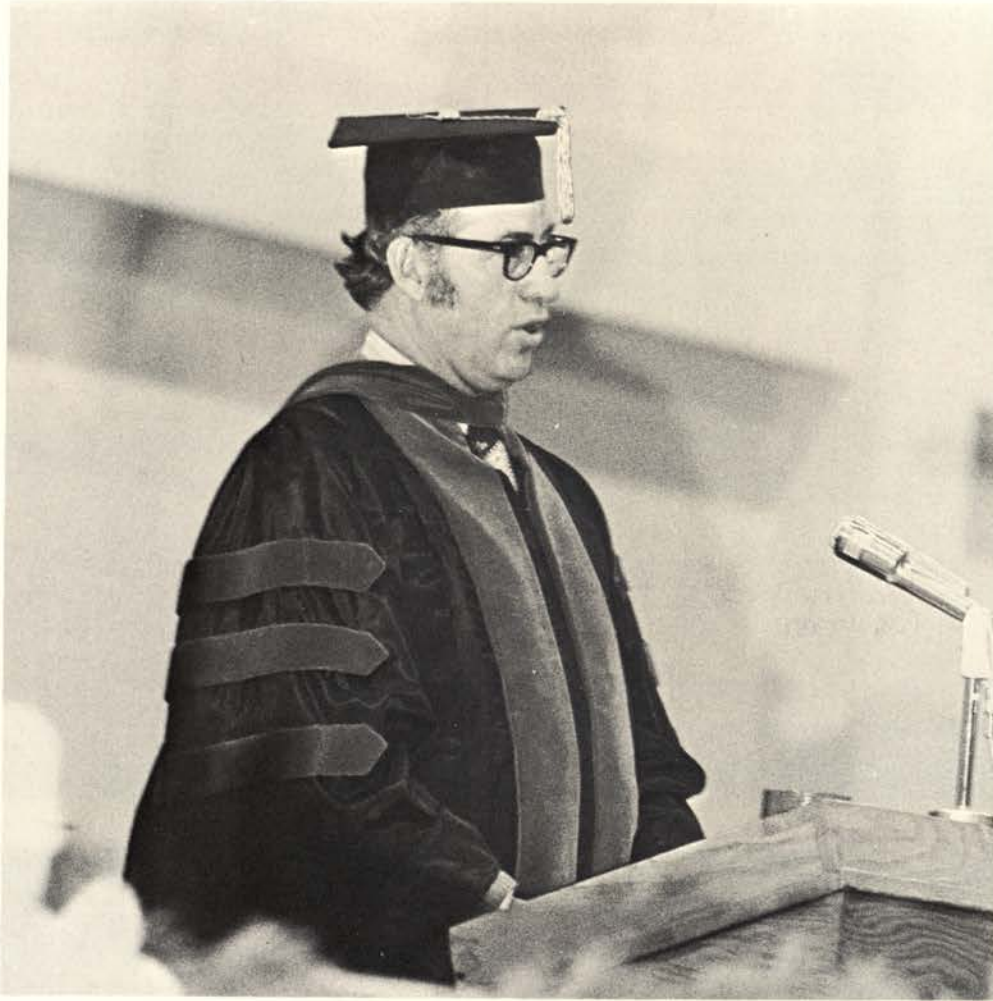

Fun at the Greek Games

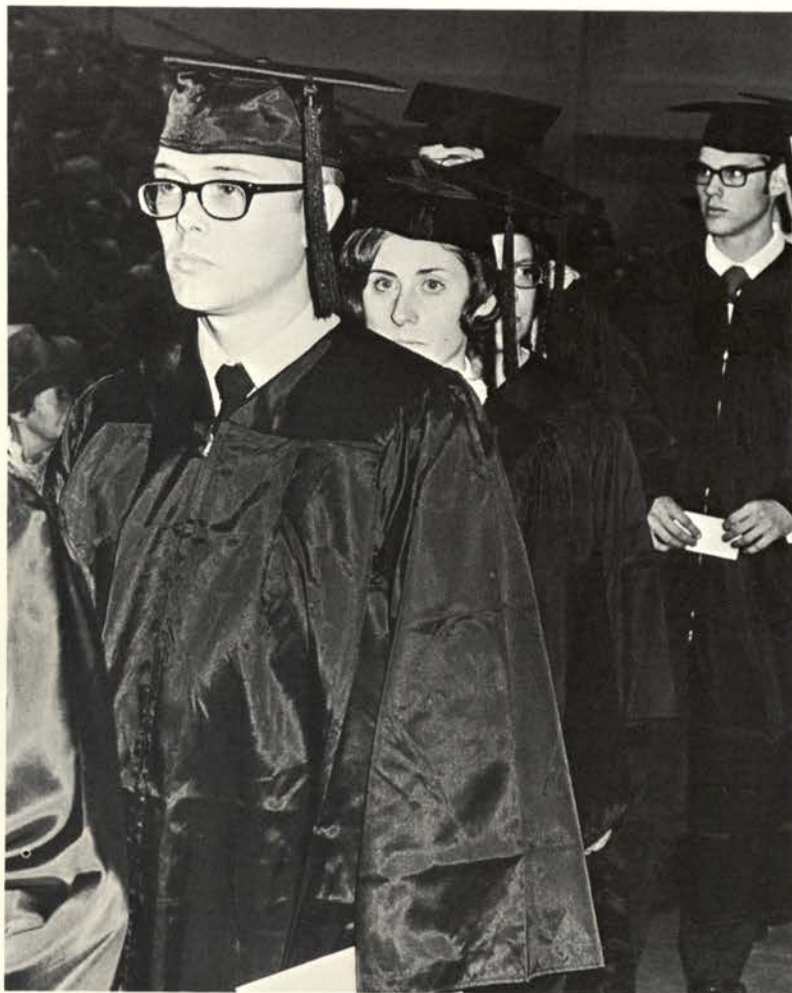

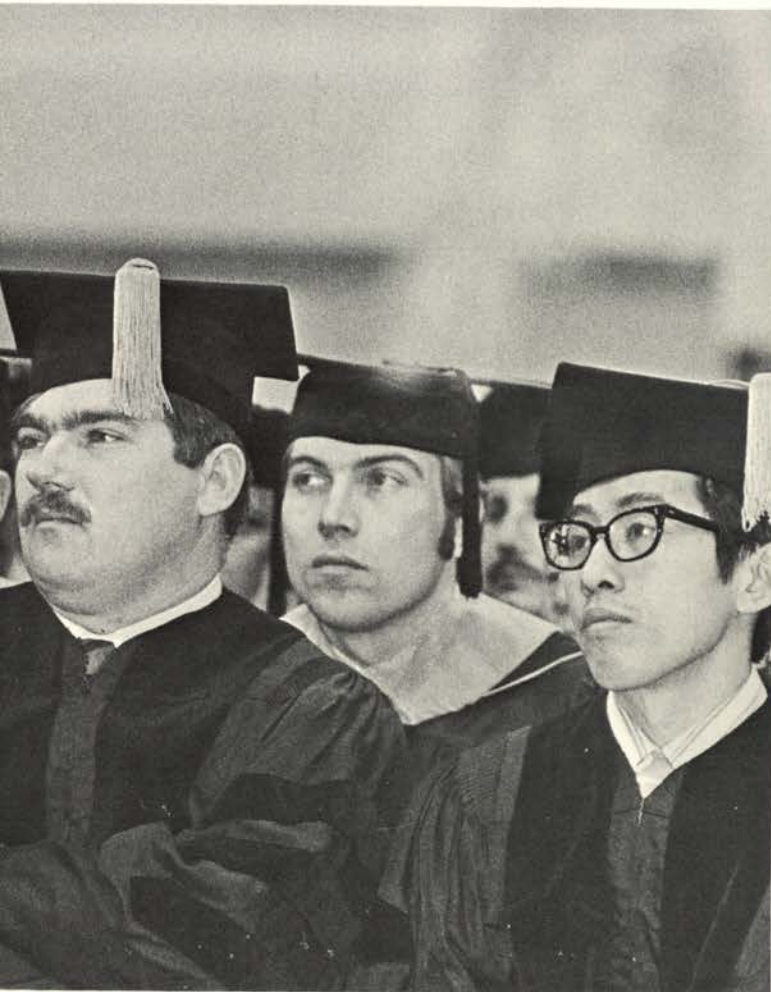

The Games were the highlight of the weeks activities. Joyce Kremer was chosen Queen of Greek Week, over \$1200 was raised at the carnival, and Kappa Sigma and Kappa Alpha tied for first place in the games. The Overall Greek Week title went to Tau Kappa Epsilon.

Graduation

Graduation marks the end of your college learning experience and sets the stage for a professional experience. Both Graduation ceremonies, in December and May, were very impressive, with over 750 degrees being granted in May.

Gary McAlpin: MIAA HWT Champion ranked 9th in nation.

The Agony of Defeat

With 10 returning offensive lettermen, the Miners had expected a winning season. After the last game on Thanksgiving the Miners were left holding a 2-9 record.

A few high points of the season came with half back Kenton Hupp rushing for over one hundred yards in three consecutive games. The two victories came with the defeat of Washington University and the surprise upset of highly touted Kirksville.

Two Miners were named All-Conference. Offensive guard Gary McAlpin and defensive back Bruce Stone were given 1st team honors. Bruce led the MIAA in interceptions, pulling off 9 steals. Pellick, Doering, and White were named 2nd team All-Conference. Honorable mention went to co-captain Colter, Hupp, Sulentrop, and Walsh.

Coach Finley is very optimistic about the future.

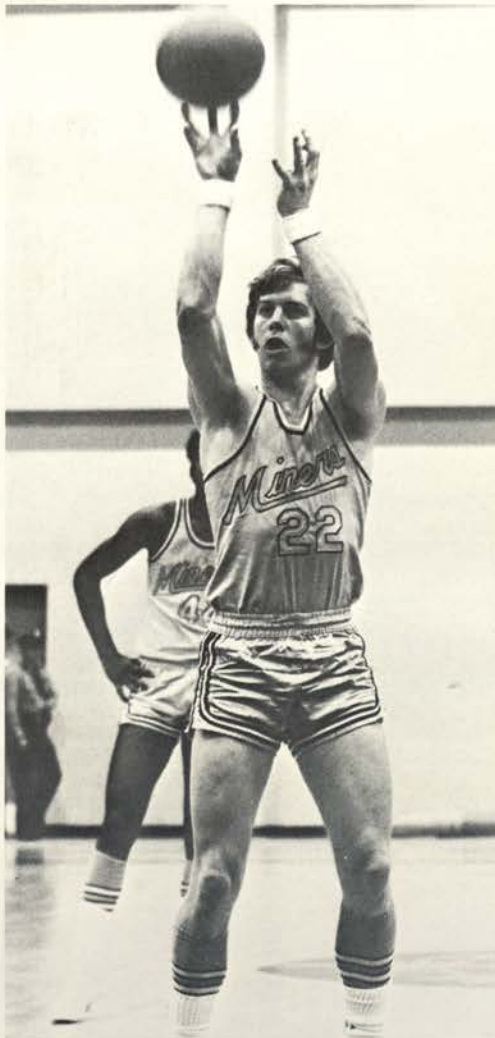

BASKETBALL TEAM DRIVES ON VICTORY

Roundballers take 2nd in MIAA

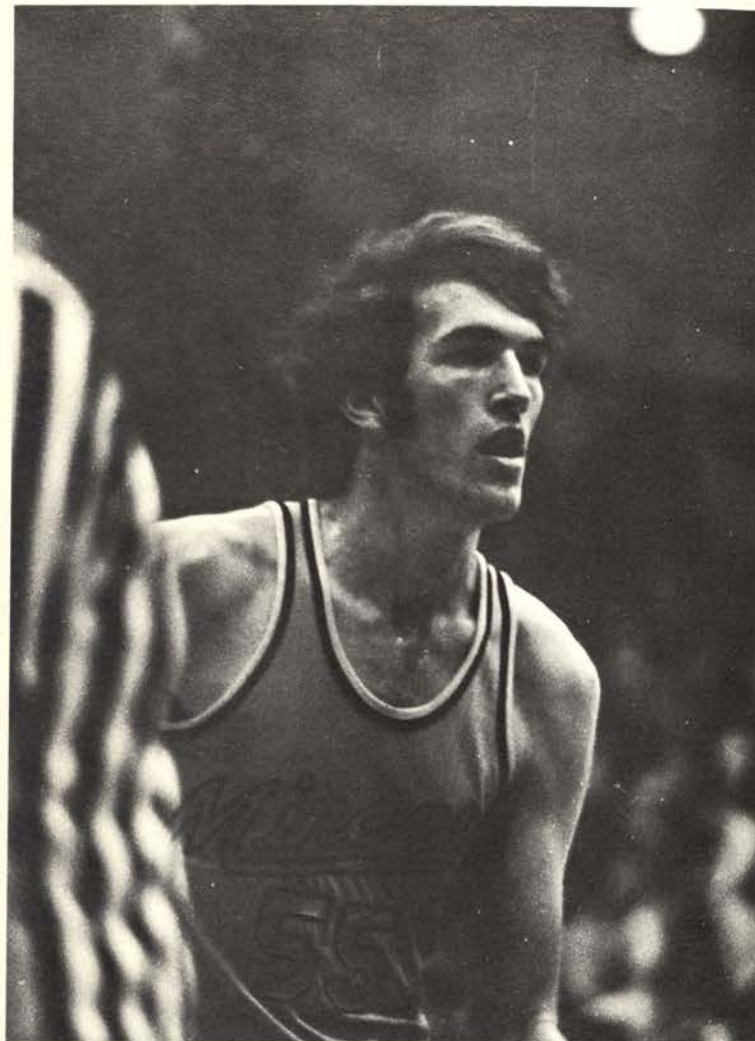

The 1972-73 Basketball team was destined to have its best season with six seniors and plenty of reserve talent. The B-ballers managed a second place finish in the MIAA behind tough S.M.S. with a 14-11 season mark.

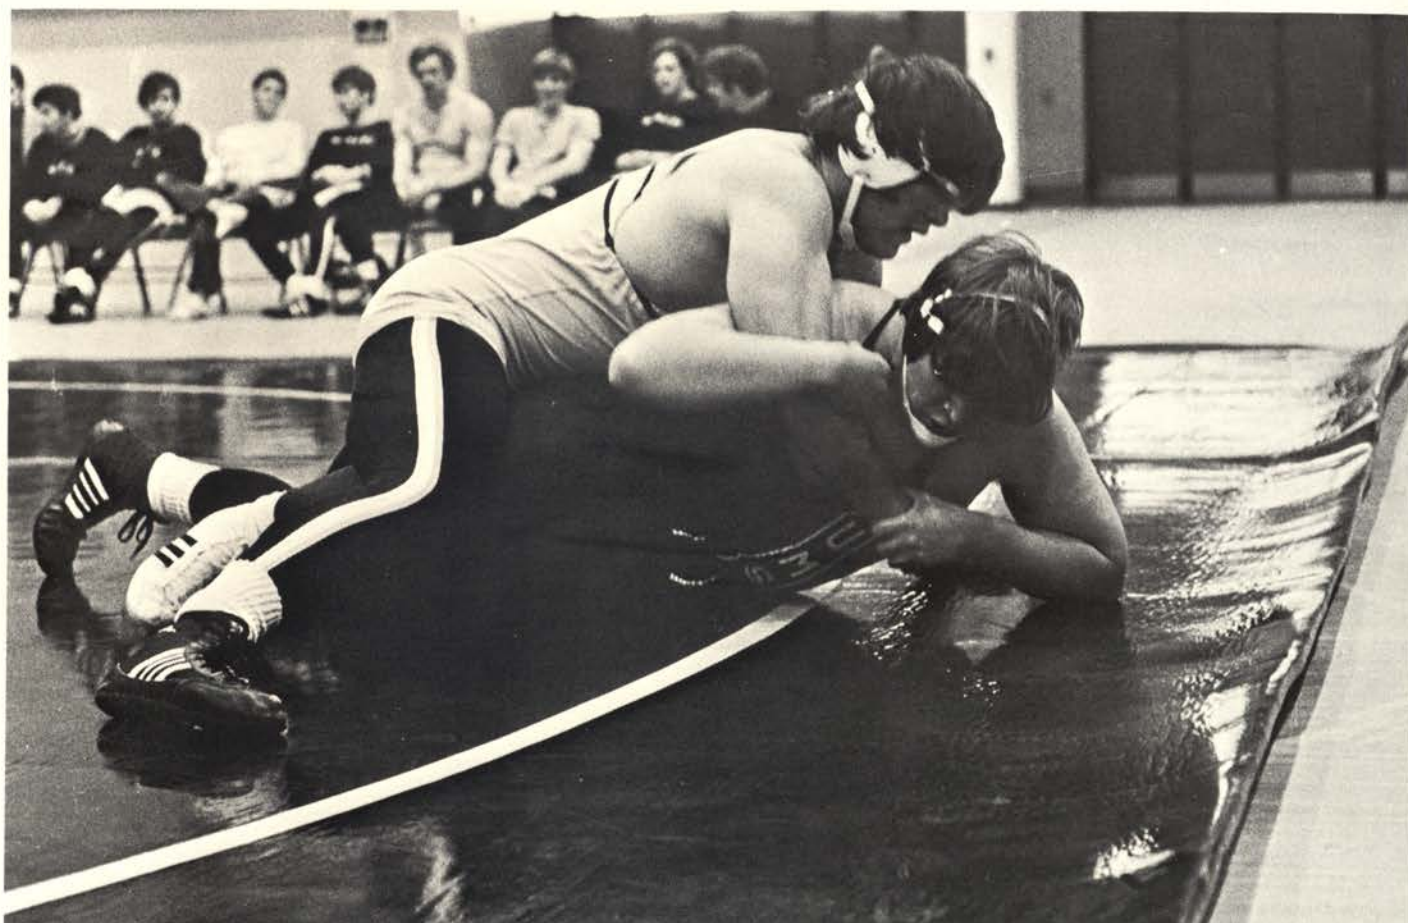

Probably the biggest highlight of the season came in the very last game, when team leaders Rich Peters, Rod LeGrand, and John Williams spurred a romp of Springfield. The cagers came up with some other very impressive victories this season, winning the Appalachian Classic tournament, and finishing third in the MIAA conference tournament.

The Miners are losing five starting seniors this year, but Coach Billy Key is optimistic about next year's slate, with some outstanding freshmen and junior college transfers, the cagers should be as tough as ever.

Wrestlers take fourth in MIAA

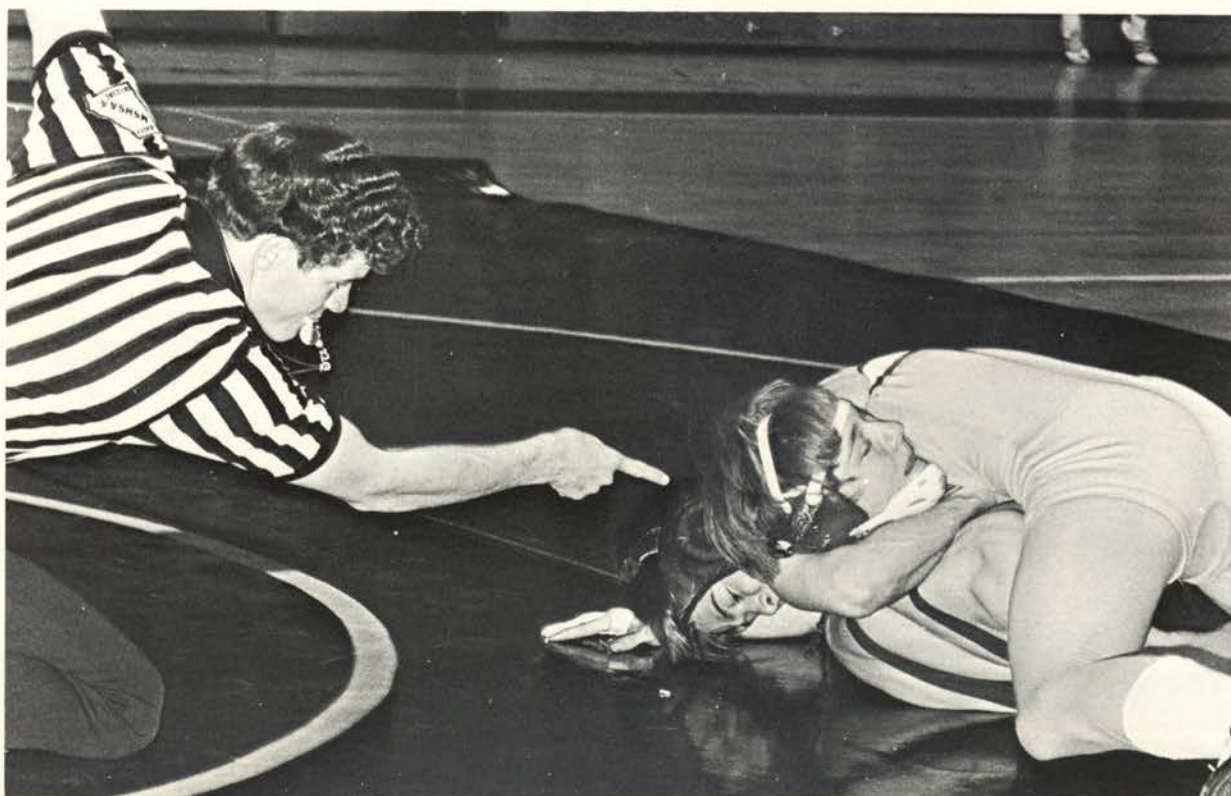

The wrestling team can boast a successful season with an 8-3 mark and a 4th place finish in the MIAA conference meet.

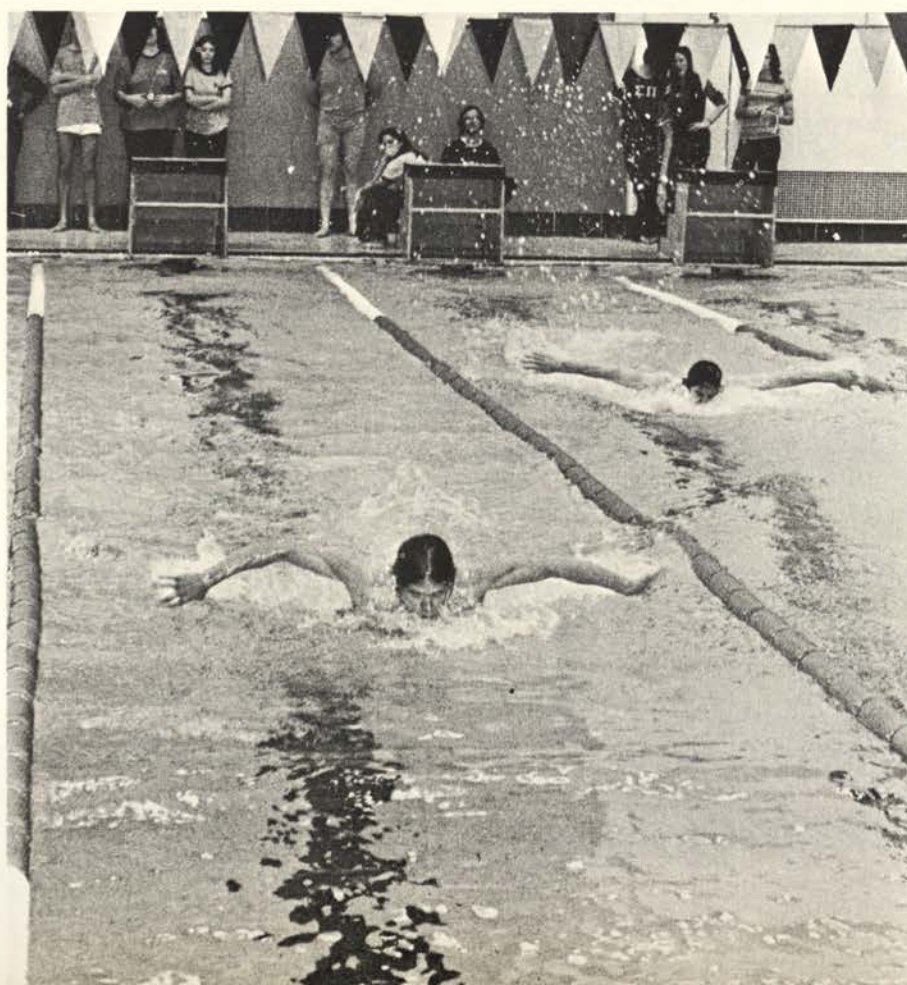

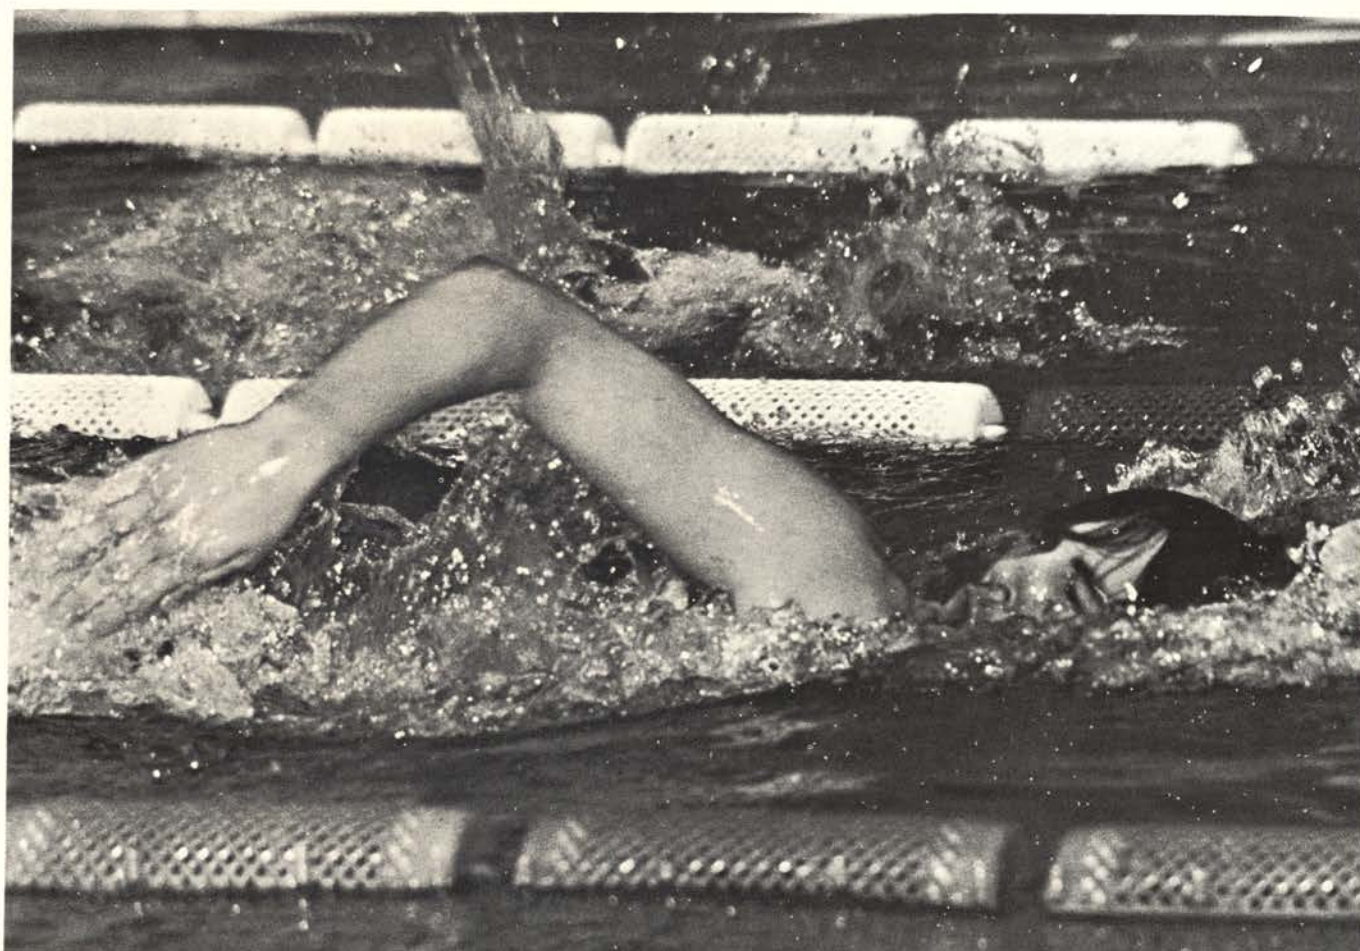

Gary McAlpin finished the season with a 13-2-0 individual record, and a 1st place finish in the conference. Steve Ganz took 3rd in the MIAA sporting a 14-6-1 record. Mike Blackmore pitched in with a 12-8-0 season followed by a 4th place finish in the conference meet.

The grapplers have some very talented young members and are anticipating another strong team in 1974.

As a final note, in the College National Tournament held in Brookings, South Dakota, Gary McAlpin finished 9th in the nation at heavyweight class.

Swimmers take second in MIAA-again!

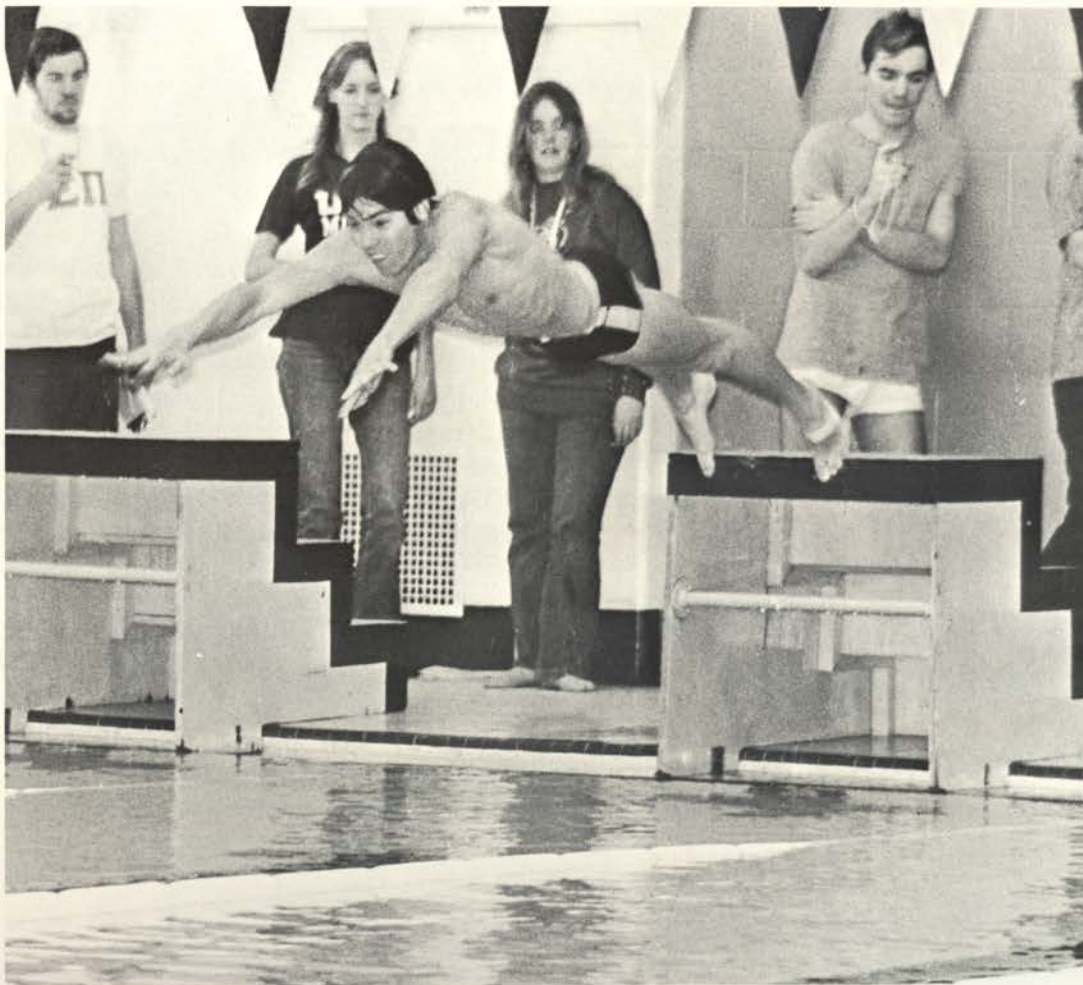

The swimmers became the bridesmaid to Springfield in the MIAA conference meet for the third year in a row.

Freshman Tom Wenger was voted most outstanding swimmer of the meet. Tom, along with Tim Blood, Steve Peppers, and Ron Dutton earned the right to compete in the College National Meet in Detroit.

Overall, it was a very successful season for Coach Pease and his swimmers.

As the saying goes, there's always next year, but

Cross Country

It turned out to be a slow, disappointing year for the harriers and new coach Dewey Algood. Led by Co-Captains Mike Schepflin and Denny Mertz, the semi-speedsters managed a seventh place finish in the MIAA conference meet. Inexperience hampered the team as it struggled through a tough schedule. The harriers also participated in two invitational meets, the Southern Illinois University Invitational, and the Southwest Missouri Invitational.

Next year should be a good one for the cross country team. This was a year of experience, next year will be a year of winning.

Rugby

The UMR Rugby Club, now in its tenth year, was operating at its peak with a total of 20 scheduled games and 2 tournaments. The majority of the games were with university division teams from the midwest. The team traveled to Hammond, Louisiana for the Mardi Gras tournament.

Also this year, the team sponsored the first Stag Midwest Intercollegiate Rugby Tournament at Rolla. Attending the tournament were 16 major college teams from the midwestern United States.

UMR's Rugby team has been noted for its tough, aggressive play which establishes them as one of the top college teams around.

Tennis

Inexperience hampered the efforts of the UMR tennis team this season. With only two returning lettermen, senior Paul Pederson and junior Sam Ingrassia, Coach Ray Morgan's team faced a very disappointing season.

With three freshman, and one sophomore returning, the Miners can hope for solid improvement next year.

Golf

The 1973 season has had it's ups and downs for the Miners. In the Crossroads of America Tournament the golfers posted a twelfth place finish out of a field of twenty seven top teams. The golfers then journeyed to Warrensburg to compete in the Heart of America Collegiate Classic, finishing sixth out of seventeen teams.

Team leaders Alan Parkinson, Buddy Barnes, Jim Ogden, John Key and Mike Davis spent many hours in preparation for the conference tournament.

Baseballers take a swing at victory

The Miner Baseballers completed the 1972-73 season with a mediocre season. The base men encountered some rugged competition, the likes of nationally ranked UMSL, the University of Oklahoma and Tennessee Martin.

Some of the Miner standouts were Steve Munzert, Mark Schrader, Steve Holcomb and Mark Smith. The UMR Baseball Team is young and the odds of bringing another conference championship back to Rolla looks optimistic.

Cindermen drive on Victory

The Miner track team accomplished some very impressive victories this season. Trouncing such schools as Missouri Valley, Evangel, Washington University, and School of the Ozarks, the Miners however could only manage a mediocre season in conference competition.

Some outstanding individual performers were Parker in the discus, Brown in the 100, Smith in the long jump and the triple jump, and Weaver in the 120 high hurdles.

Coach Allgood is looking forward to the 1974 season. With some experienced men, and some new talent, the outlook could be very hopeful.

Rifle team on target

Last semester's records were falling faster for the rifle team than their opponent's spirits. The leader of the onslaught was team captain, Kent Gastreich, who received first team All-American honors, and a tryout for the U.S. Olympic team.

With fine performances by team members Markos, Babnik, and Kohnen, the UMR gunners have become one of the nation's most outstanding teams.

Flag Football highlights intramurals

Beta Sig all the way

With a powerful offense and a tough defense, surprising Beta Sigma Psi captured the intramural flag football championship with a convincing 34-7 victory over Lambda Chi Alpha.

Quarterback Steve Brown led the Beta Sig offense, hitting on five touchdown passes, connecting with receiver Wayne Long for four TD's. Don Schlechte hauled in the fifth and final aerial. Carl Haring and Roger Goyins led the Beta Sig defensive unit, holding Lambda Chi to only one TD.

In the consolation game, Kappa Sig defeated Phi Kappa Theta in a tough 30-14 battle.

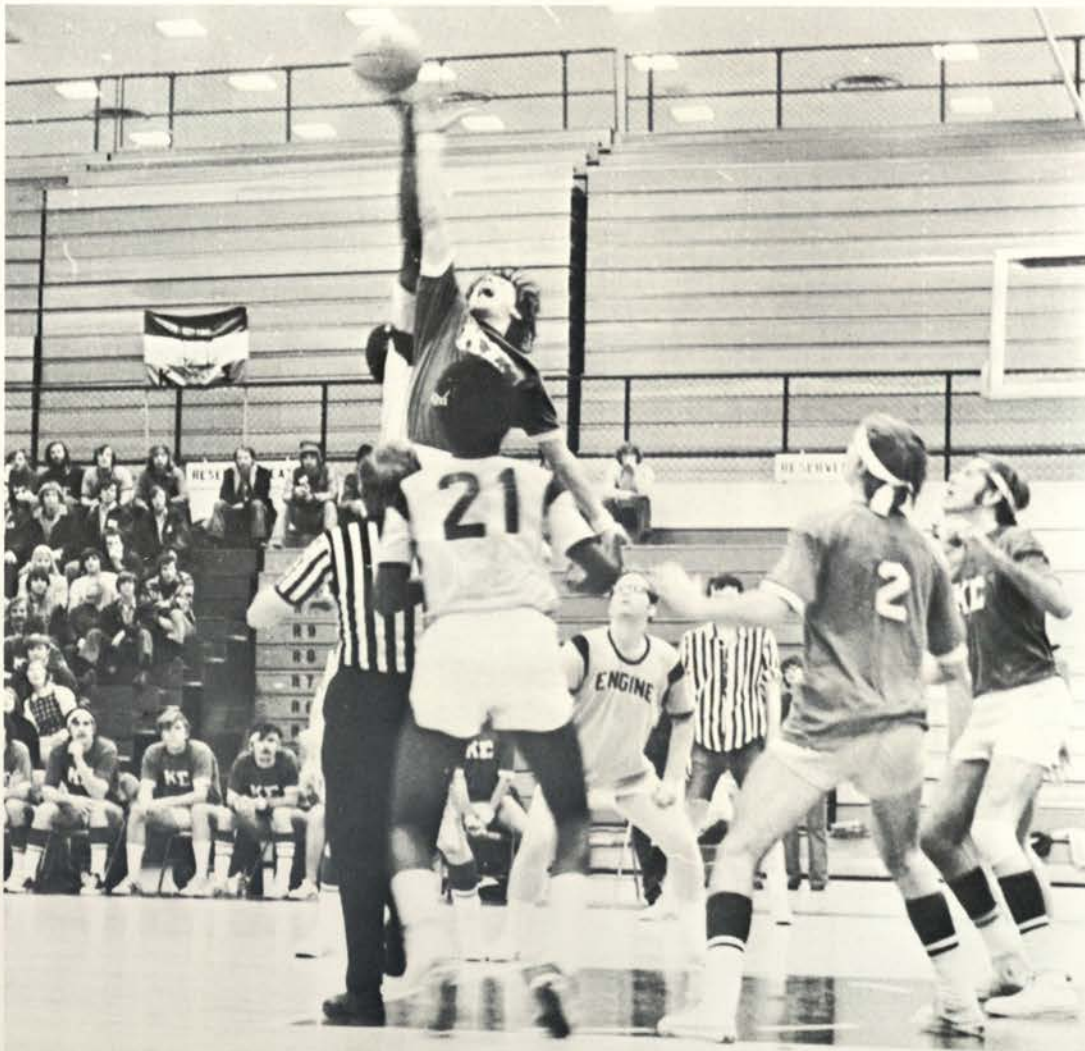

Kappa Sig captures Basketball

Intramural power Kappa Sigma captured the intramural basketball crown in what was probably the most exciting basketball game of the year. The final score, Kappa Sigma 32, Engine Club 30, came after an overtime period and sudden death. High point man was Kappa Sig's Frank Bright netting 15 points.

In the consolation contest, Tech Club managed a narrow 49-47 victory over MRHA.

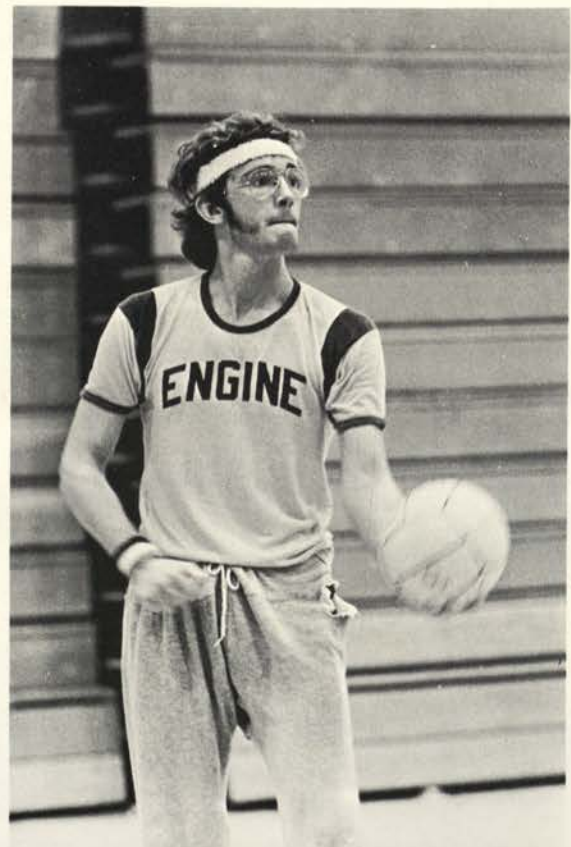

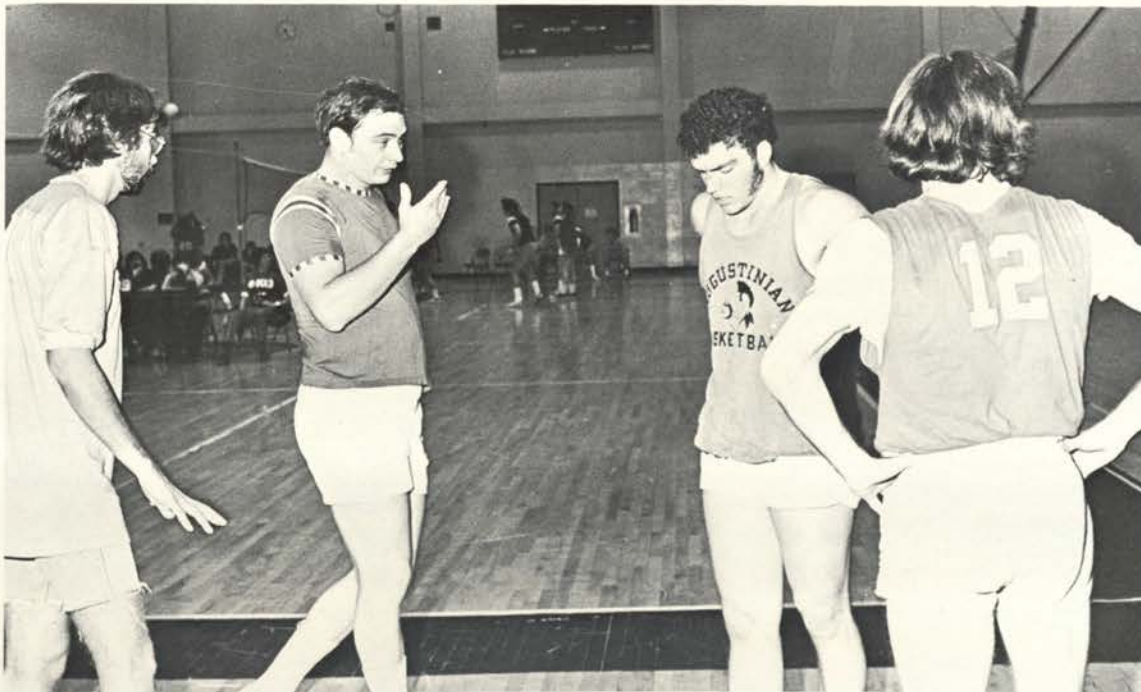

Kappa Sig dominates Volleyball

Kappa Sig, after an easy league win, stymied Beta Sig to gain the first place crown in volleyball. The first game saw a battling Beta Sig drop a close 22-20 game. In the second game however, it was all Kappa Sig, winning 21-9. Kappa Sig was all team work, as they fed their big spikers, who devastated the Beta Sigs.

In the consolation game, Lambda Chi Alpha defeated Theta Xi.

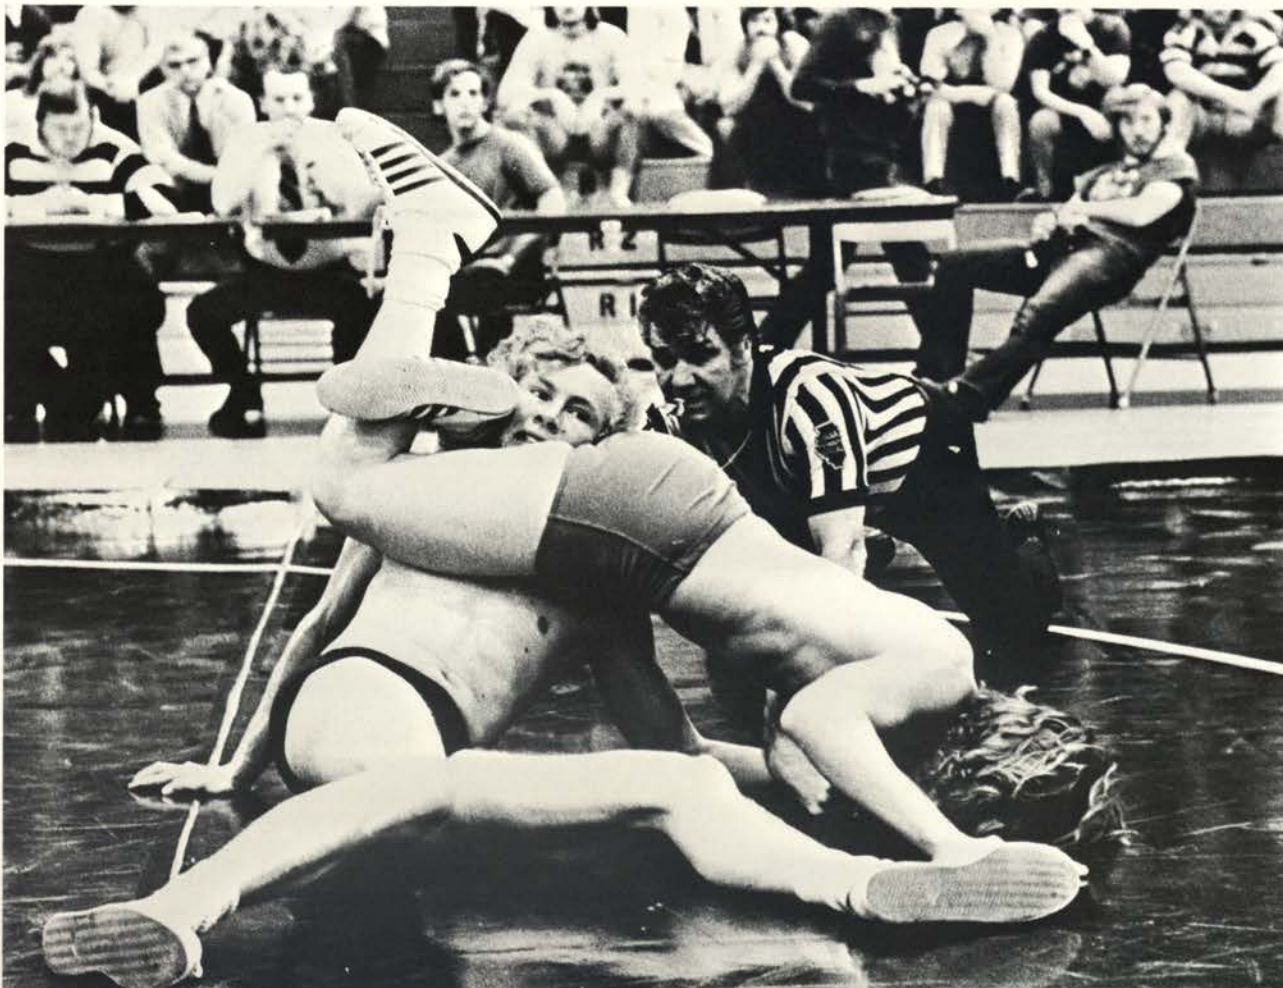

KA retains Wrestling Championship

In the four day wrestling tournament Kappa Alpha captured three first places to give them the championship. Among KA's champions were Brummet, Woodruff, and Harms. With a tally of 59 points, KA bested Phi Kappa Theta, Kappa Sigma, and Sigma Phi Epsilon all of whom tied for second with 32 points.

Other first place champions were Behrens and Anthon of Phi Kap, Moore and Atkins of Sig Ep, Dufner of Teke, Blevins of Tech Club, and Sullentrop from Kappa Sig.

Sports are often...

...for Individuals

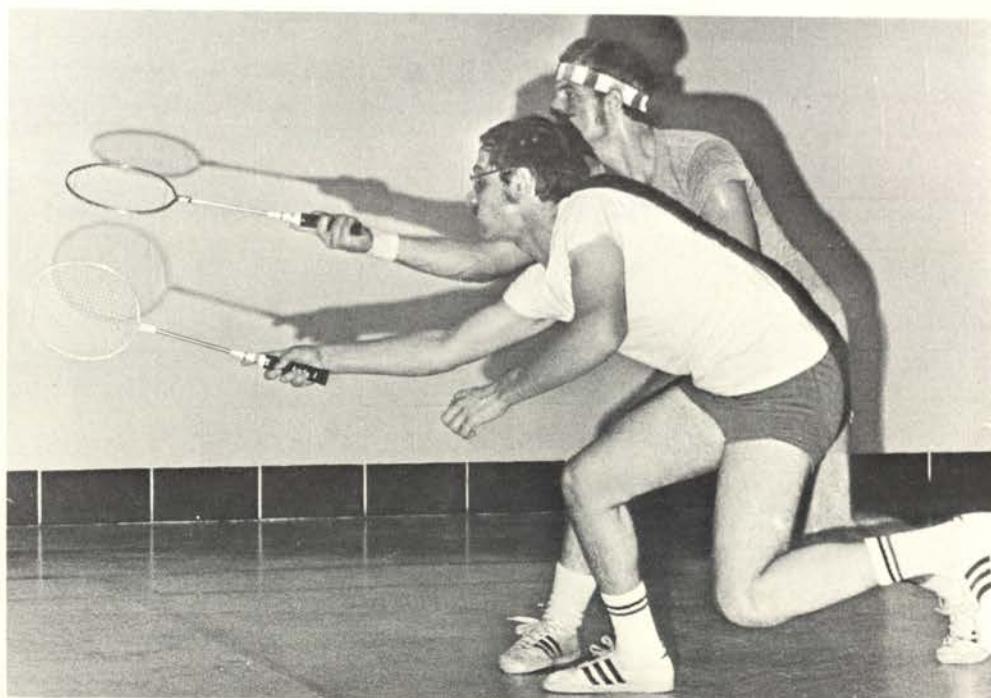

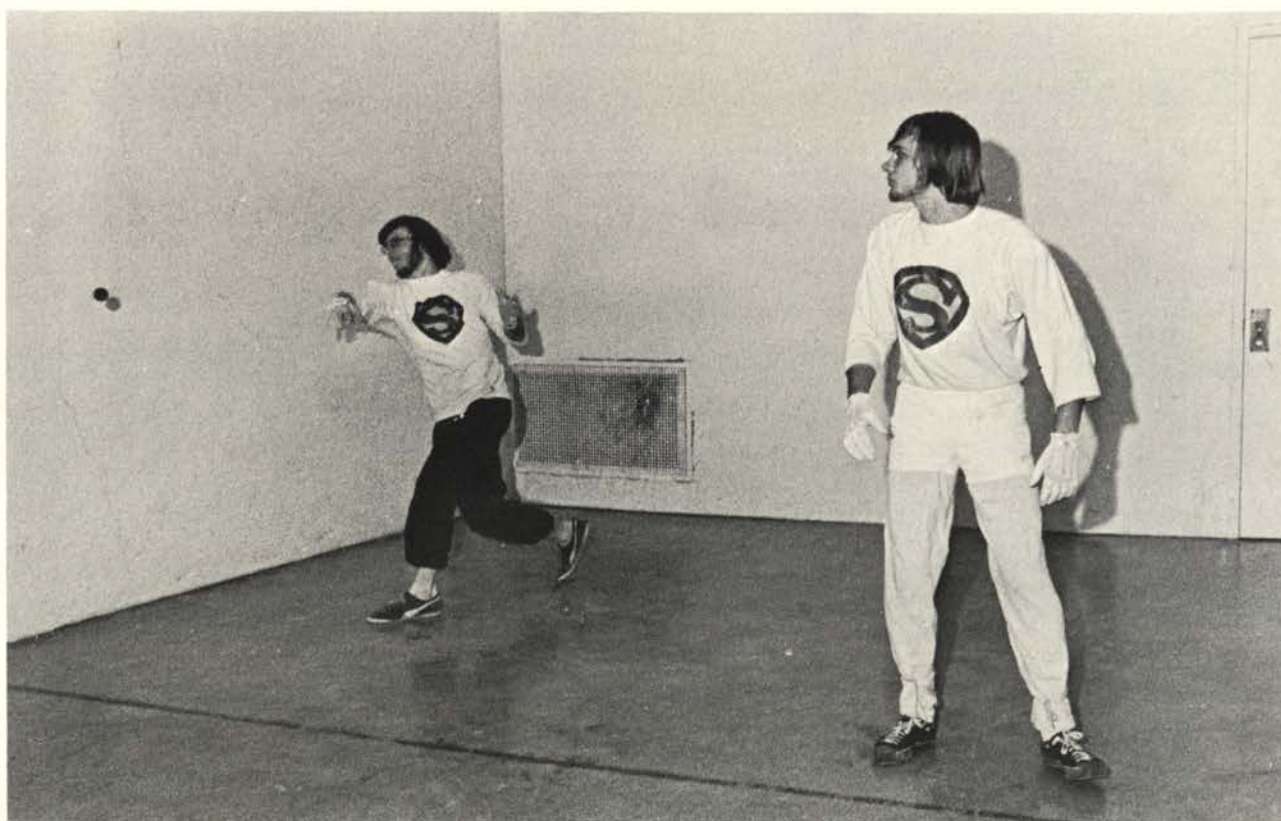

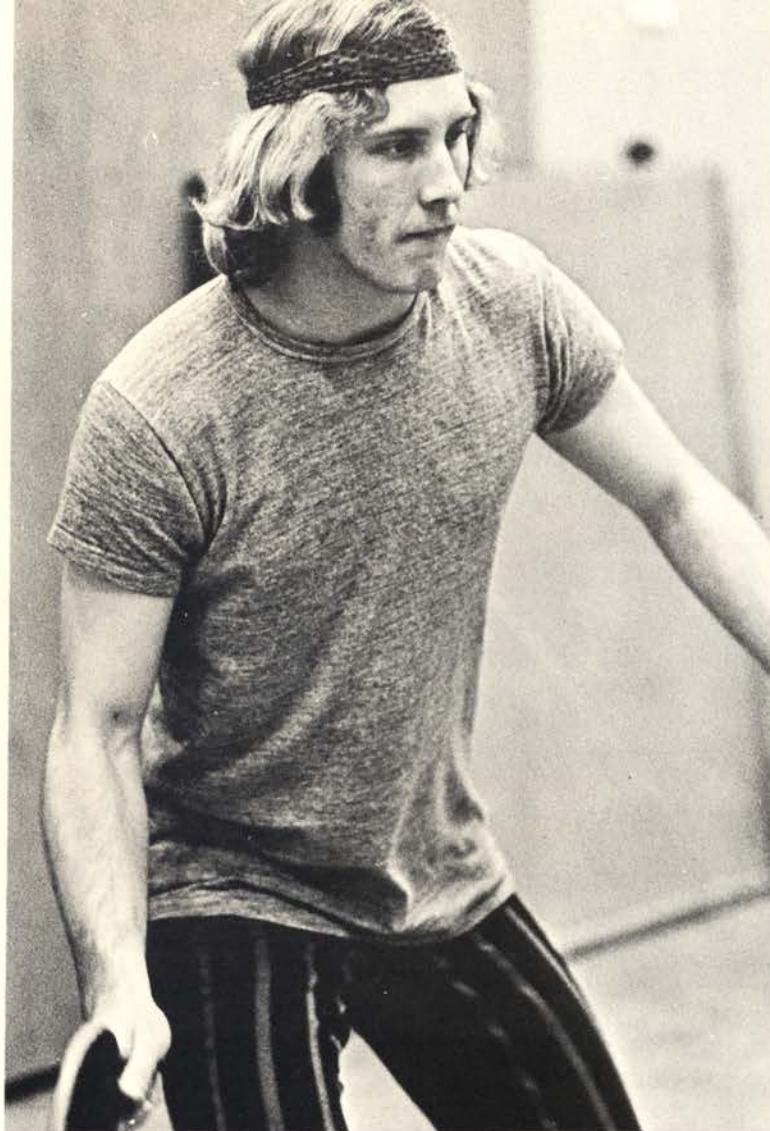

Engine Club's team of Hawthorne and Dougherty edged Thomas Jefferson in the two mile cross country meet. Hawthorne crossed the finish line at 11:21.3 taking first place. Lambda Chi's Coyle finished the race in the runner-up position.

In the two day, thirty six hole golf tournament, Sigma Nu's Byars and Greer managed a team low of 313 for first place honors. Newman Club finished second with a score of 314. Greer and Newman's Schneider took first and second in the tournament.

Tau Kappa Epsilon won the badminton championship, with Delta Sig and Sig Ep tying for second. TKE won on the strength of a fourth place finish in singles and a second place finish in doubles play. The singles champion was Moehlmann of TJ, with doubles champs Greenly and Byars of Sigma Nu.

Pi Kappa Alpha's Barczewski and Buchanan headed the field in tennis singles. Shanes of Engine Club took top spot in the individual competition.

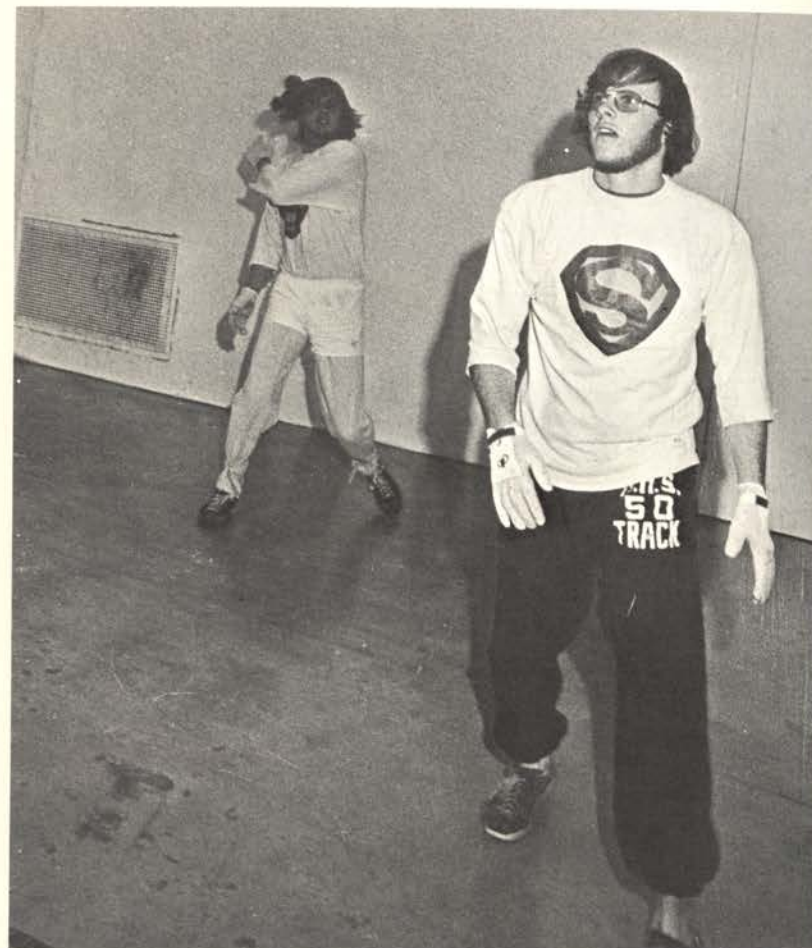

Bowling belonged to MRHA with a team score of 2562. Randy Lang of TKE took the high triple series with a score of 579.

In horseshoes, Lambda Chi's Yamnitz won the singles championship with Lyons and Harsford of Sig Pi taking the doubles championship. Kappa Sig took team honors with Theta Xi finishing a close second.

Ludwig of Kappa Sig had the high individual series of 269 giving Kappa Sig a first place finish in the team rifle meet.

Delta Sigma Phi won the handball title with Bill Scheckel winning his third consecutive singles title. Doubles play found Finer and Potempa of Delta Sig in the number one position.

Kappa Sig takes fourth straight

For the fourth consecutive year, Kappa Sigma has won the top spot in men's intramural swimming competition, beating second place Sigma Pi by a 52-39 margin.

Three new records were set in the two day meet. Need of Phi Kappa Theta recorded a 55.9 in the 100 yard freestyle. Laneman of Tech Club set the record in the 50 yard freestyle edging Need with a 25.3 mark. In the 50 yard butterfly, McCammon of Lambda Chi Alpha took the event with a record-breaking 28.0 time.

In other events, Brinton of Pi Kappa Alpha took first in the diving event, with Sanuskar of Tau Kappa Epsilon finishing second. In the final event, Sigma Pi's 200 yard freestyle relay team narrowly beat Kappa Sig.

Lambda Chi captures Softball Crown

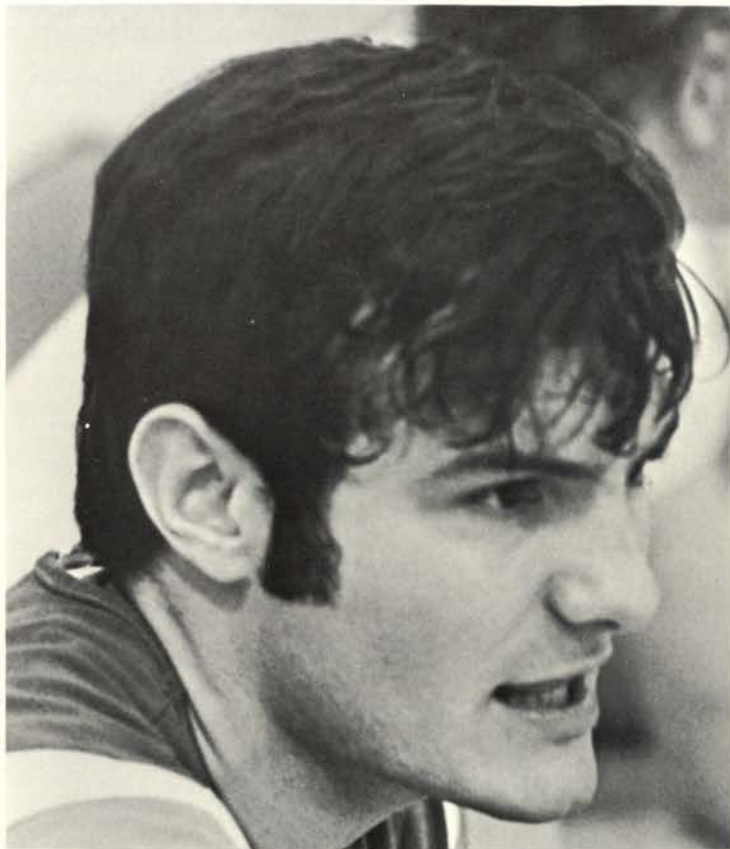

With one rained out game after another, it looked as if the 1973 softball season would have to be completed in the fall. The rainfall did subside long enough to allow Lambda Chi to capture the top spot in softball. Sigma Pi proved to be a tough competitor, but were not up to the task of overcoming Lambda Chi.

In the consolation bracket, Phi Kap downed Pikers 11-6.

A YEAR OF EMOTIONS

... ends with ecstasy!

Intramural track brought with it the excitement of Lambda Chi and Kappa Sig dueling for the overall intramural championship. At the end of the two day meet Lambda Chi was sitting on top with MRHA and Sigma Pi close behind. The track victory gave Lambda Chi the number one position in intramurals.

Some noteworthy performances in the meet were Engine Club's Hawthorne winning the mile in 4:54; Geers of MRHA took first in the long jump for the third straight year; TKE's 440 relay team turned in a respectable 46.4 to take top honors.

Lambda Chi after three years of second place finishes, found the joys of winning the overall championship overwhelming.

American Foundry's Society

Seated: Ray Stonitsch, John D. Cummings, Dave Kroeter, Bob Scanlon, Don Askeland. Standing: Dave Hughes, Don Zweifel, David Roth, Gary Schuchardt, Dave Koehler, Bob Fleischman, Rex Cremer.

American Ceramic Society

American Institute of Aeronautics & Astronautics

Row 1: John Northup, Mike Hanshaw, Chuck Hillhouse, Robert Scharringhausen, Daniel Million, John Campbell. Row 2: Marvin Borgmeyer (Vice-President), Craig Fadern, Mike Quinn, Richard Schafermeyer, Mike Ford (President), Dave McVlure (Secretary), Stephen Chilton (Treasurer), Wayne Cagle. Row 3: H.H. Grice (Advisor), Robert Jackson, Thomas Squires, Doug Peterson, Tony Messina, Judy Flebbe, Pat Blankenship, Lynn Klender, Dick Yenzer, Alen Davidson, T.K. Mills, Michael Brunson, Ed Clausen. Row 4: David Suiter, David Barclay, John Scarborough, Terry Coffman, Harry Ammons, Ronald Edinger, James Eye, Steven Calvin, Jim Wood, Oliver Sitlan, Dave Denner, Mark Heuckroth, Denver Moore.

American Management Association

Row 1: Karen Dollar (Secretary), Barry Schaffter (Treasurer), Bob Benezette (President), John Anderson. Row 2: Stephen Langley, Bob Tikwart, Roger Goodman, Ron Fadler, Carol O'Rourke. Row 3: Steve McGlee, Dan Cole, Joe Offutt, Floyd Sherfield.

American Institute of Chemical Engineers

AIME-Society of Mining Engineers

ASCE

Row 1: Martin Brose, Mark Pickell, Juanita Ortmeyer (Secretary), George Gulley, Steve Wilhelms, Robert Milne (Treasurer), Dennis Stuart, Richard Vaeth, Jerry Hirtz. Row 2: Art Hartle (Vice-President), Frank Yates, Mark Wavering, Earl Poe, Bert Maddox, David Lewis, Fred Storck, John Legate, David Mueller. Row 3: J. Scott Patterson, Jr., Bill Olsen, Ward Cryderman, David Best, Martin Aubuchon, James Deken, Ed Hutson, Darrell Hibbits, Joe Porter, Robert Queathem, Willis Wilson. Row 4: Jim Elmore, Bob Stewart, Keith Barber, Richard Dickerson, Steve Spradlin, Mike Richter, Terry Caldwell, Richard Ogle, Tom Rechten. Row 5: Norman Pooker, Frank Dolan, Curt Williams (Cor. Secretary), Mike Huston, Tom Owen, Steve Lett (President), Pat Byrne, John Lauth, Bud Price, Richard Zeidlík.

ANS

Row 1: James Zell, Edwin Baker, R.L. Jones (President), Ronald Besser (Secretary), Michael Muenks (Vice-President), James Gearhart. Row 2: Don Cline, Dean Tibbitts, Tom Dolan (Advisor), Wm. Bruce Miller, Susan Braaf, Bill Ault.

ASME

Row 1: Lawrence Rockwell, Mike Watson (Treasurer), Dan Morlang, Roger Perriguet, Doug Pennington (President), Gerald Foon, Bob Helmkamp. Row 2: Steve Huck, John Westermayer, Reisbeig, David Wetteroff, David Polakowski, Ronald Corradin, James Books.

Association for Computing Machinery

Row 1: Sally Riley, Diane Gibbs, Dan Case (President), Stephen Smith (Vice-President), Bill Hawthorne (Treasurer), Leonard Vaden. Row 2: Mike Cooper, Rick Nolan, Robert Preston, Brian Lenharth, Larry Hamrick, David Schade. Row 3: Gary Crumley, Paul Horstmann, Mark Buday, Walter Haase, Ray E. Umphreys, Dean Wright.

Row 1: Mark Whitney (Vice-President), Steve Garrison (President), Kent Gastreich (Secretary), Mike Easterly (Treasurer). Row 2: Bernie Lucas, George Glos, Mike Fahy, Ken Rapplean, Nic Neumann, Jesse L. Yow, Jr. Row 3: Roy Wagner, James Collings, Bob Hempler, Dave Rice, Roger Horton. Row 4: Richard Hoffman, John Creveling.

Association of Engineering Geologists

C.L. Dake Geological Society

Row 1: Larry Nuelle, James Collings, Susan Blickensderfer (Secretary-Treasurer), Richard Hoffmann, Randy Stranghoener, Sharon Shaver. Row 2: Janice Rahr, Greg Willis, Bill Collins, Doug Rickman, Tim Carroll, Alexis Swoboda.

Institute of Traffic Engineers

Seated: Jerry Crafton, Don Underwood (Secretary-Treasurer), Mark Wavering (President), Frank Yates Vice-President), David Erwin, Mike Huston. Standing: Jerry Nirtz, Lloyd Reynolds, Dan Borusiewicz, Norman Ettling, David Motherwell, Brad Rayfield, David Best.

Institute of Electrical and Electronics Engineers

Metallurgical Society

Seated: Eric Sparks, Gary Steckel, John Ham, Rich Christie, Frank Minden, Don Bolin, Jyong-shi Cho. Standing: Mike Holt, Fred Kisslinger, Devendre Majmunder, Dave Hughes, Tom Robinson.

Society of Physics Students

Row 1: Douglas Wood, Doug Heatherly, Dennis Pease, Dr. J.T. Dowell.
Row 2: Larry Sansoucie, Dale Shull, Steve Christiansen.

W.T. Schrenk Chemical Society

Row 1: Carol Langemach, Tom Burchfield (President), Kathryn Ogden (Secretary-Treasurer), John Adams (Vice-President), Thomas Ellison. Row 2: Claude Crain, Keith Lissant, Steven Calvin, John DeGood, Jack Beers.

Society of Automotive Engineers

Row 1: R.T. Johnson (Advisor), W.K. Mueller (Treasurer), George Skosey (Vice-President), David Ebbesmeyer (President), James Herbold (Secretary), Richard Riley (Advisor), Gerald Foon. Row 2: Steve Purvines, Michael Moder, Steven Schlueter, Michael Phelan, Dennis Stephens, John Lick. Row 3: Joseph Warren, Michael Walz, Lawrence Kehagen, Rich Hovey, Fred Campbell, Joe Krugiel, Charlie Miller. Row 4: Jim Glasa, Mike McAllister, Tom Boschert, Terry Kirchoff, Peter Rauch, Bruce Bradway, Rob Arnold.

Student Publications Board

Row 1: Dudley Gress, Floyd Smith, Rich Dunham, Gerry Wappelhorst. Row 2: Wells Leitner, Larry York, Mike Hurst. Row 3: Craig Korkorian, Paul Ponder, Dave Barczewski, Rich Remley.

ROLLAMO Staff

From left to right: Roger Berger, John Gallagher, Patti Kackley, Joe Mulitsch, Nancy Riehl (behind tree), Kurt Priester, Ben Brown, Mike Zirkle.

fraternity... a group of people...

...associated or formally organized...

There are twenty fraternities and two sororities at UMR. Each has its own features and personalities. The UMR IFC, one of the best in the country, organizes these individual units and has helped develop the Greek system as we know it today. Some competition between houses is demonstrated in the annual Homecoming pajama race.

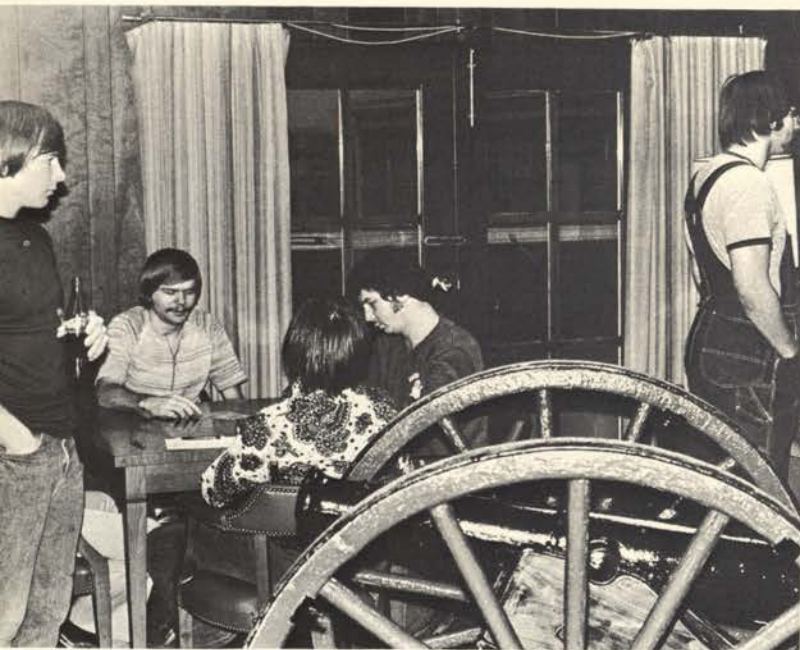

Although different in size and design each fraternity house serves as a home away from home. In the last few years many new fraternity houses have been built and others improved or added onto.

A few fraternities have started Little Sisters organizations. These are women that undertake several projects a year for the fraternity. The Little Sisters help build floats, bake cookies, and support the fraternity intramural teams.

...for a common purpose,...

...interest, or pleasure. -Webster

Many things can happen after supper at a fraternity house. Most evenings it's watching television or playing cards. Sometimes it's a healthy free-for-all that produces a shower or a water fight. And when all is done somebody still has dishes to finish.

A Greek is a man or woman...

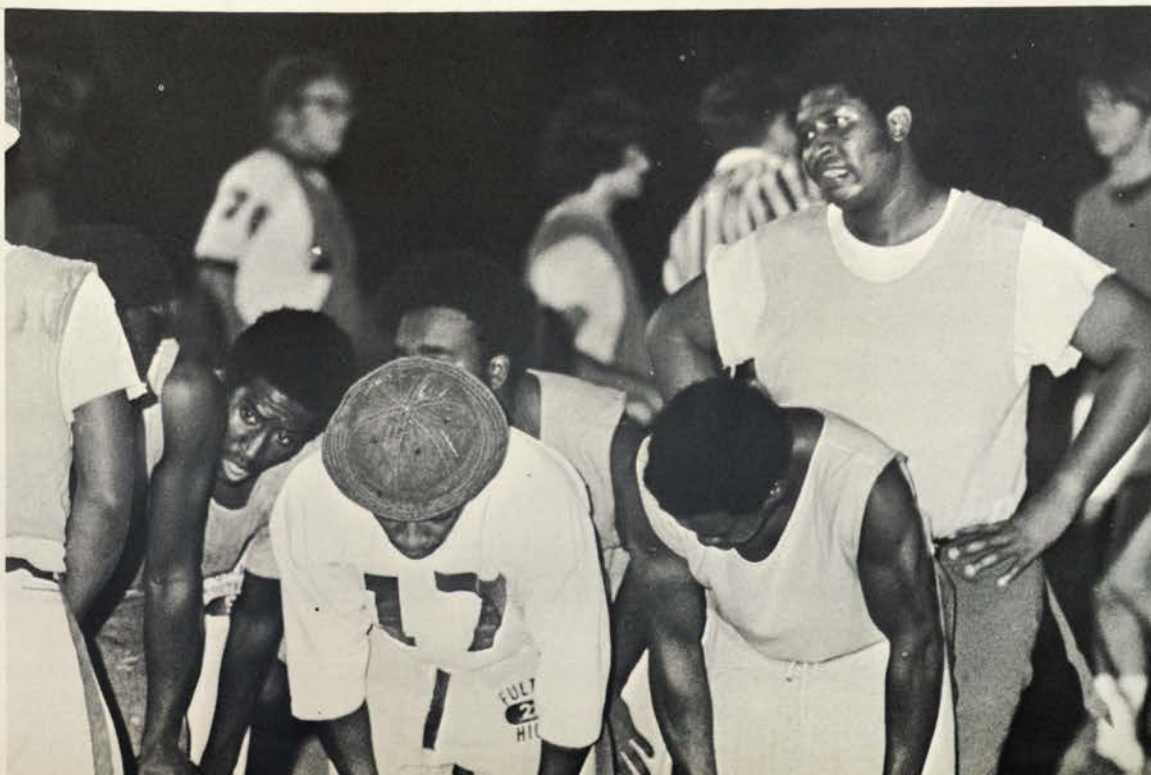

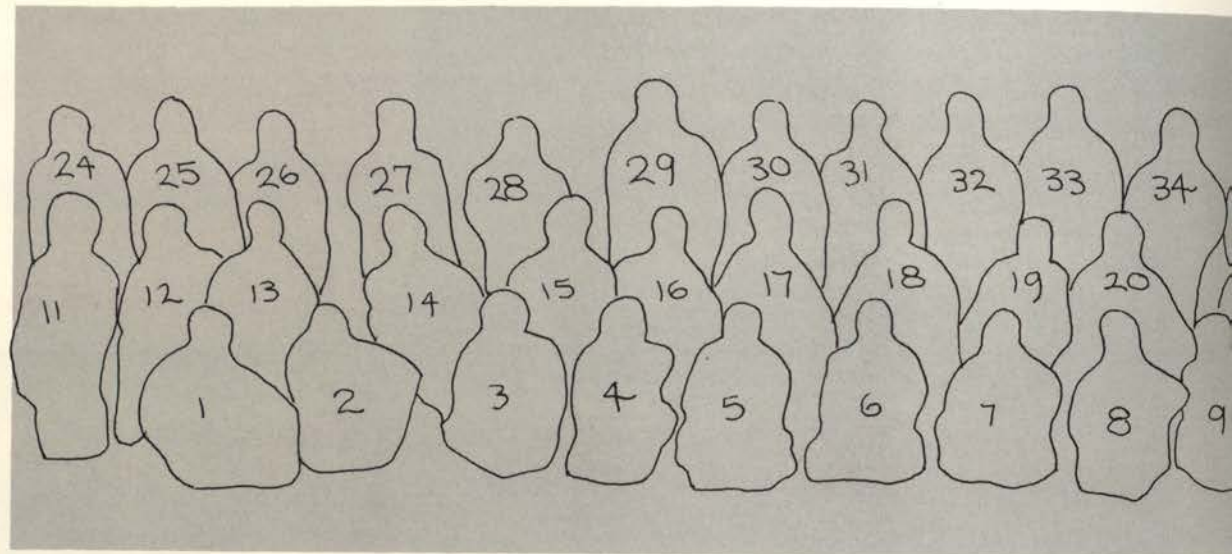

This year both local sororities obtained their national charters. Kappa Delta in the fall and Zeta Tau Alpha in the spring. A few fraternities take on a community work project every semester. This improves town and campus relationships. Fraternity teams always fare well in intramural sports and are well represented on the university teams.

...involved in the university.

An "Independent" can live in a dorm,...

The Independents at UMR are well represented on many campus organizations such as the St. Pats Board and the UMR bands. Due to the recent closing of two eating clubs, the remaining three enjoyed increased membership resulting in an all-round good year.

...apartment, or an eating club.

Many Independent groups organized their members in cheering sections at UMR football and basketball games. Recognized by everyone, Independents Elvyn and Anderson have become UMR's premiere entertainers working with the Miner and KMSM.

A majority of the student body is independent,...

Due to increased enrollment the Womens dorm was moved to Mc-Anerney Hall. Because of this the atmosphere of the dorm quadrangle will never be the same. The radio station KMFA suspended operations during the year due to technicalities.

The year ended with the biggest Independents party weekend ever held. The whole event was well organized as there was a little something for everybody involved. A concert, games, food and dances resulted in a weekend that will be hard to top next year.

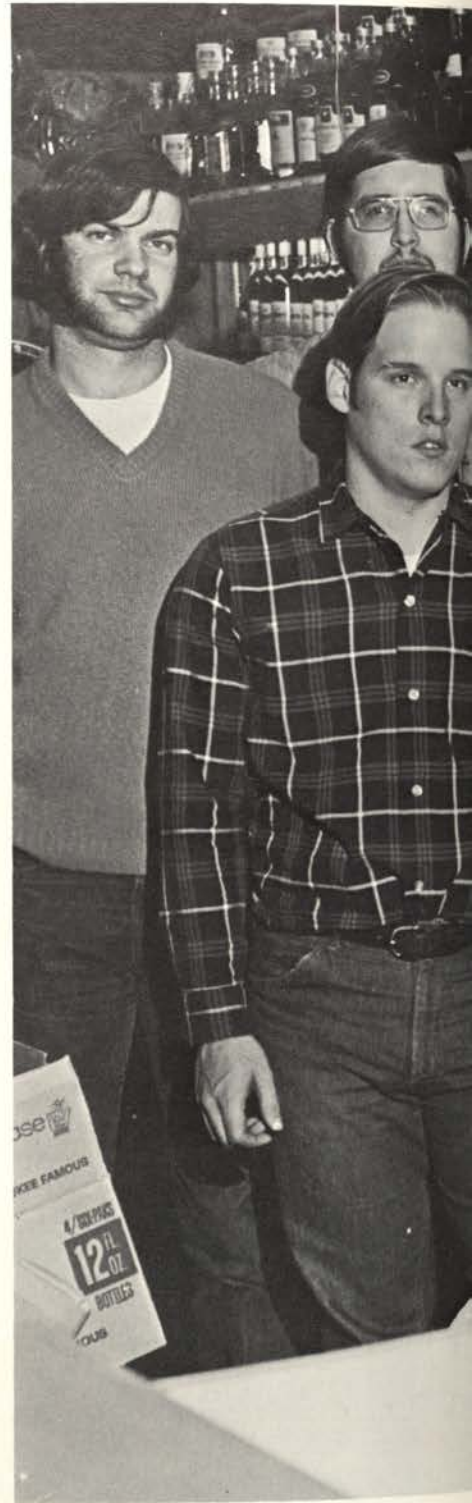

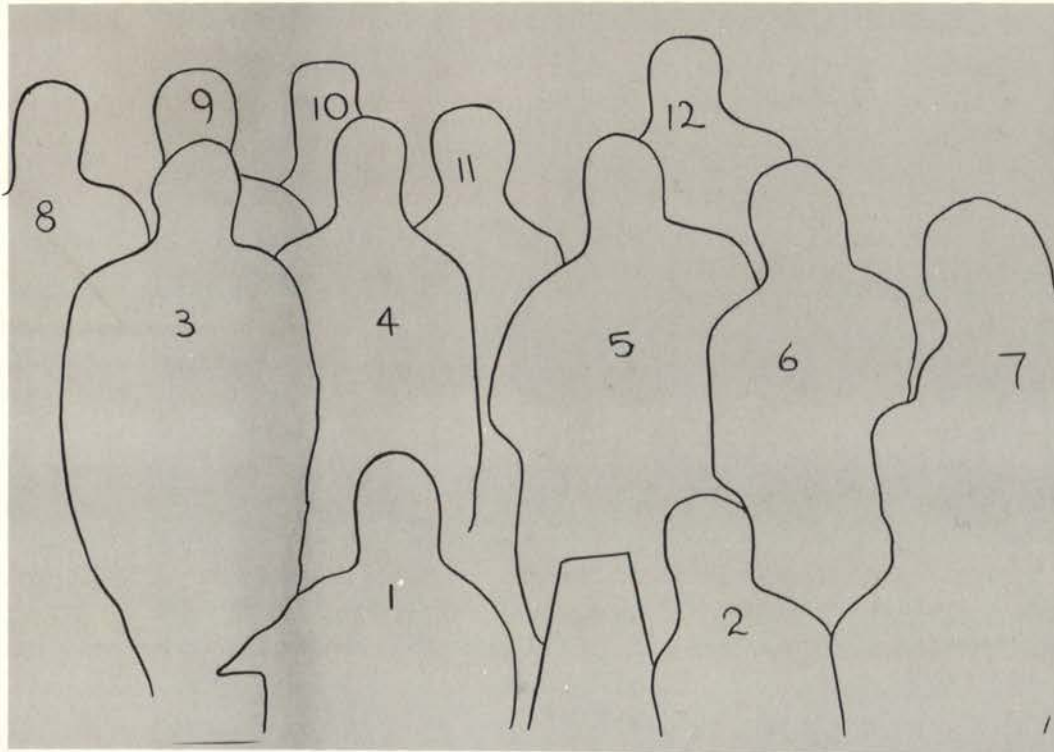

**...each an individual
sharing common
goals.**

Senior

Scrap Book

We didn't just party for four years . . .

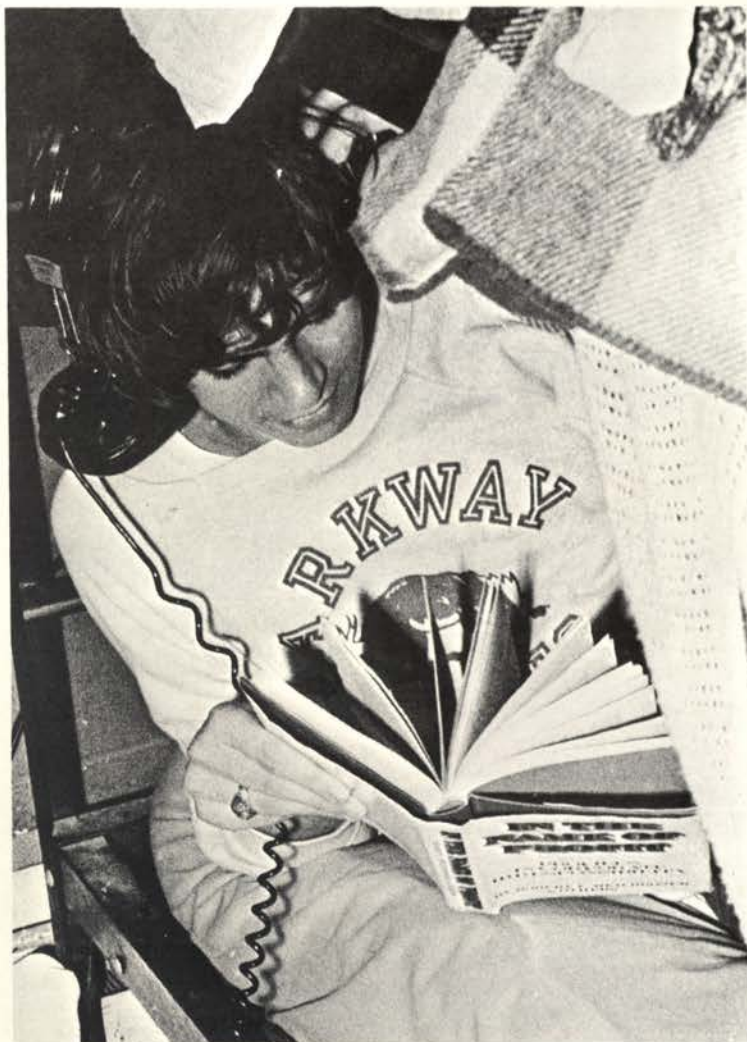

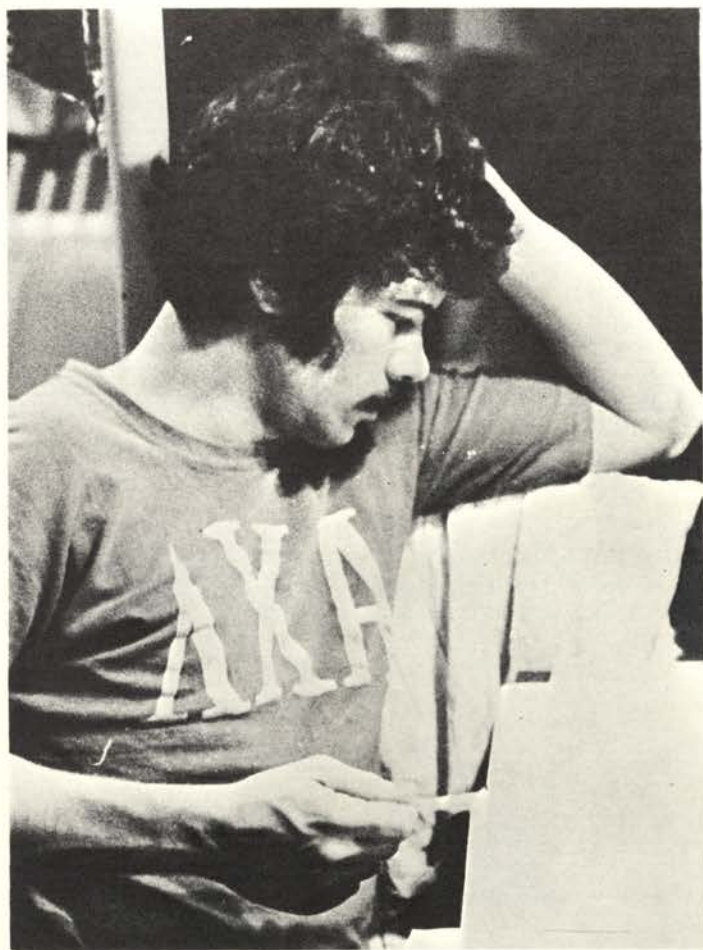

We did some work . . .

even studied some . . .

enjoyed intra-school activities . . .

a few played . . .

while most watched . . .

but somehow, we still had time to party.

UMR's

WHO'S

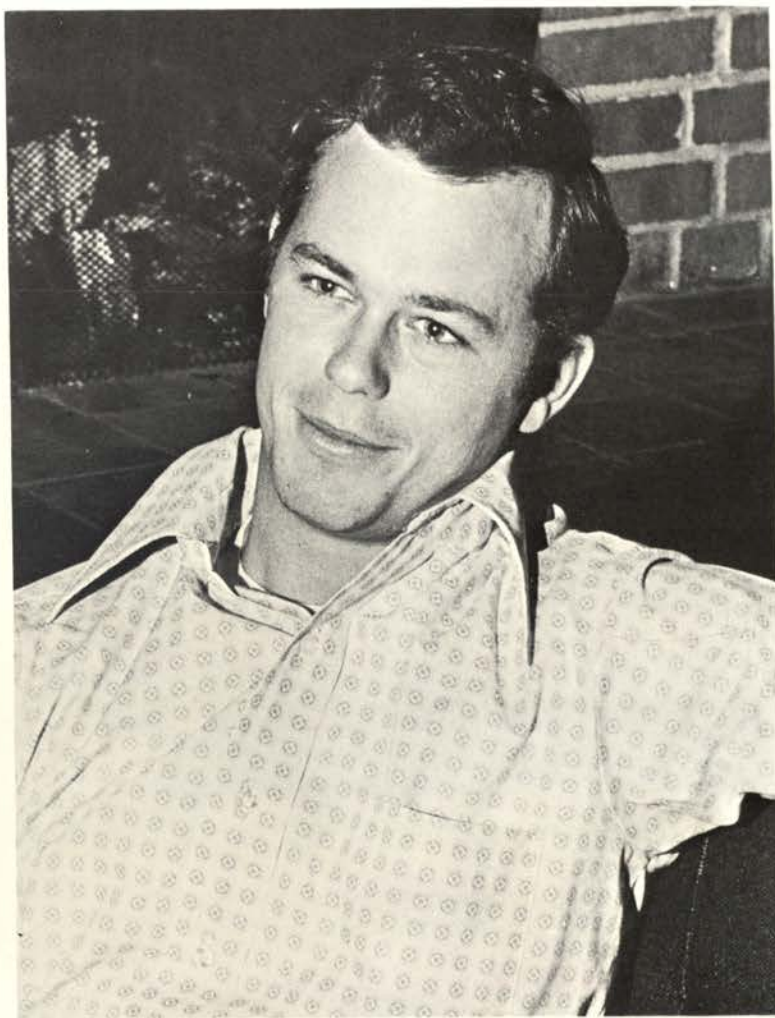

WHO

"Education is dynamic and is tested by what the educated man does in the world. It was the tragedy of the Middle Ages that the scholar, the man with the cultivated mind, found the world intolerable and withdrew from it. The obligation of the educated man is quite the contrary. The characteristic of a free society is that there is no privilege that is not to be counterbalanced by an appropriate responsibility. Unhappily there are men who all their lives plow the fields and take the crops from the soil of freedom and make no effort to restore the fertility...education is a privilege ...it involves the responsibility of Leadership."

Clarence B. Randall

"The half-life of an engineer is a couple of years, and I'm convinced, and the people I associate with are too, that the big thing about going to school is what you learn outside the classroom."

Russ Byars

"Extra curricular activities help you to learn to work with people- you meet a lot more people and learn what others think and feel."

Gary Pariani

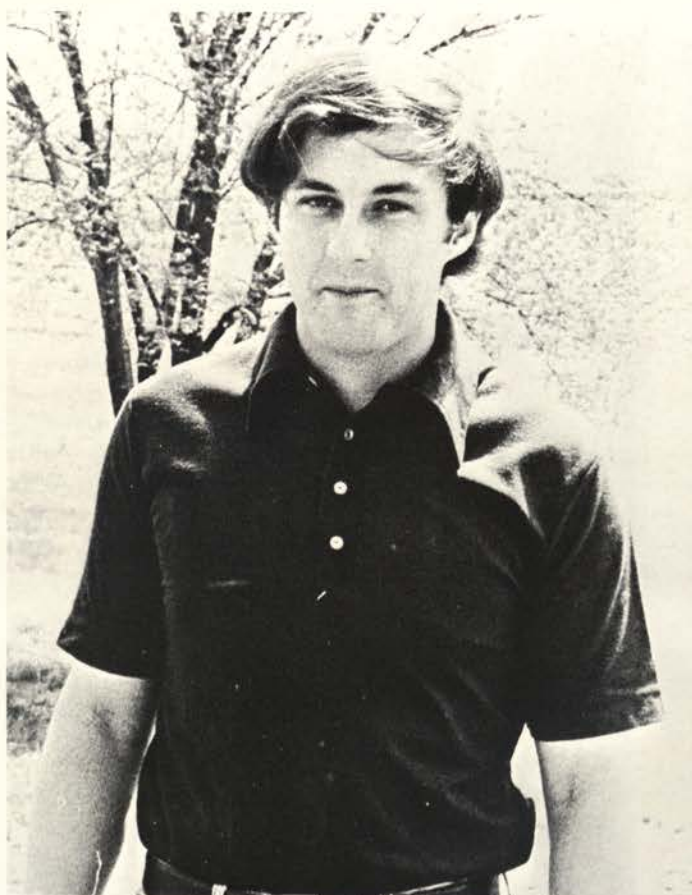

"A high school graduate comes to UMR to get an education. If he graduates from college with only the knowledge taught in the classroom, he has not accomplished his goal."

Dave Barczewski

"Campus activities help a person to broaden their background and make them more outgoing and helps to develop personality."

Dave Puettman

"In regard to my years at Rolla, I feel the following quote from the Bible applies."

*"Your eyes behold strange sights,
and your heart utters disordered thoughts;. .
They struck me, but it pained me not;
they beat me, but I felt it not;
When shall I awake to seek wine once again?"*

(Proverbs 23:33-35)

Steve Robertson

"The basic advantage of the ME curriculum is that it's a very versatile curriculum. Every company in some way requires the services or knowledge of an ME. For this reason it is one of the easiest curriculums to get employment through."

Terry Hill

"The years here have been enjoyable because of a gaining of friends. Friends that will be kept for a lifetime, I think that's important."

Mark Armstrong

"One advantage to Rolla is it's a smaller school, students have a much better opportunity to get involved."

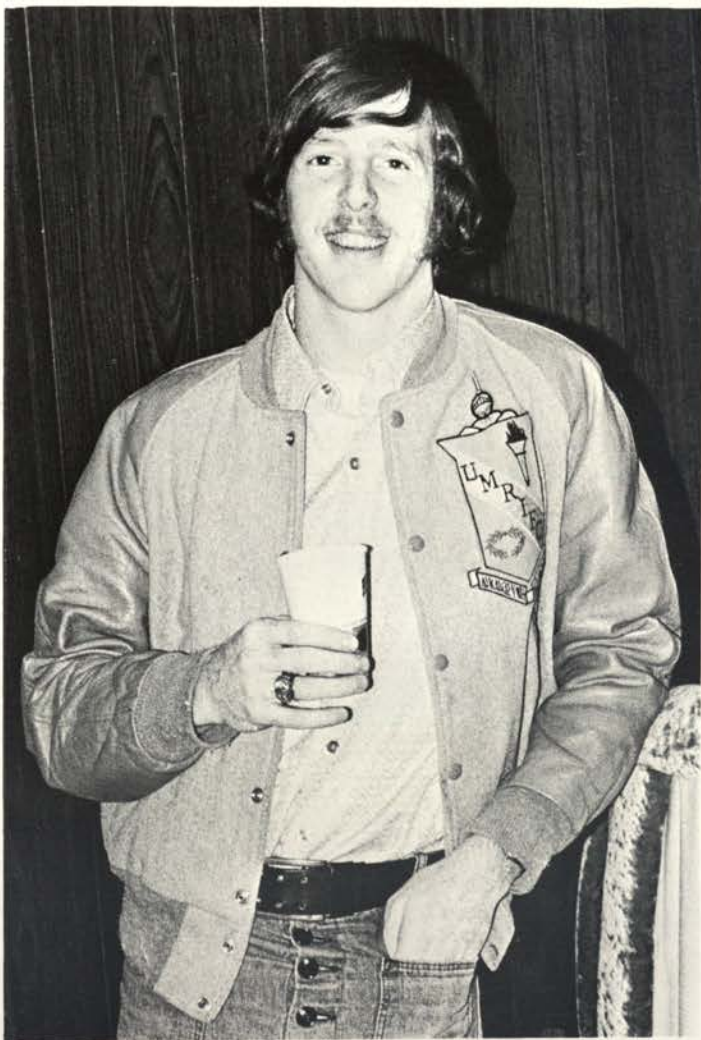

Alard Kaplan

"The best quality of this school is the good reputation it has for an engineering school; but the big disadvantage on the other hand is that the curriculum here at UMR offers almost nothing but engineering, and it's hard to get a well rounded education."

Carter Njus

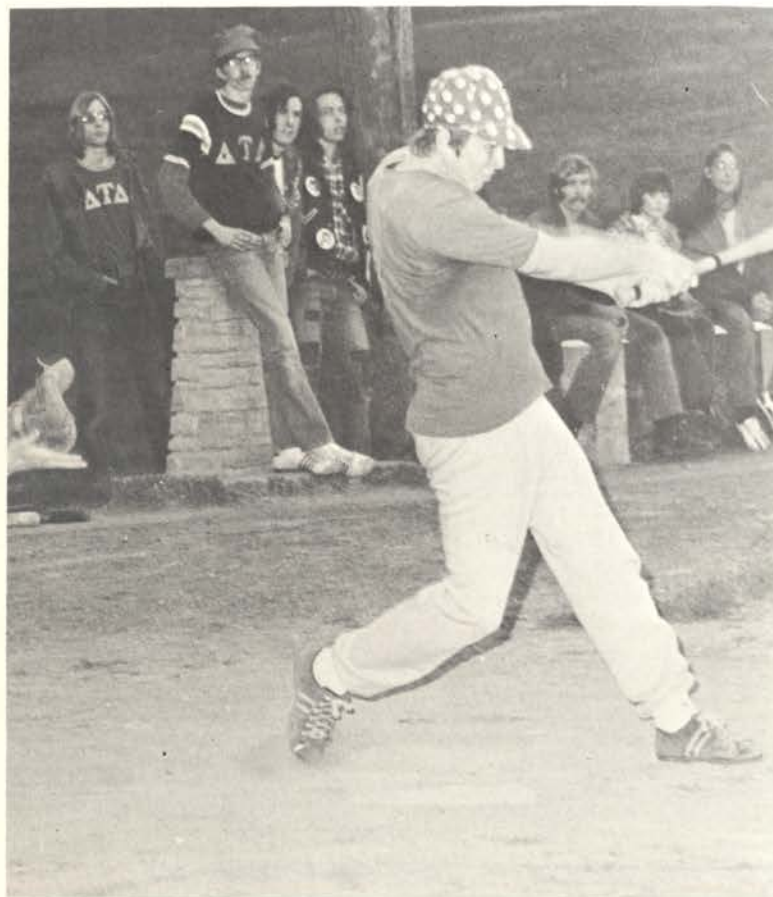

"I decided on Petroleum Engineering because it sorta fit me, what I like. It really seemed practical and down to earth. There's a good relationship between the teachers and students. It's a very practical experience and it pays well."

John Shucart

"The problem with extracurricular organizations at UMR is that the people who join them aren't genuinely interested. On larger campuses, people join because they have an interest in the organizations' activities. At UMR many organizations are simply lists of names. All many members ever want from the organization's to use it's name on their resume sheet. And in many cases, that is the organization's only purpose."

Rick Remley

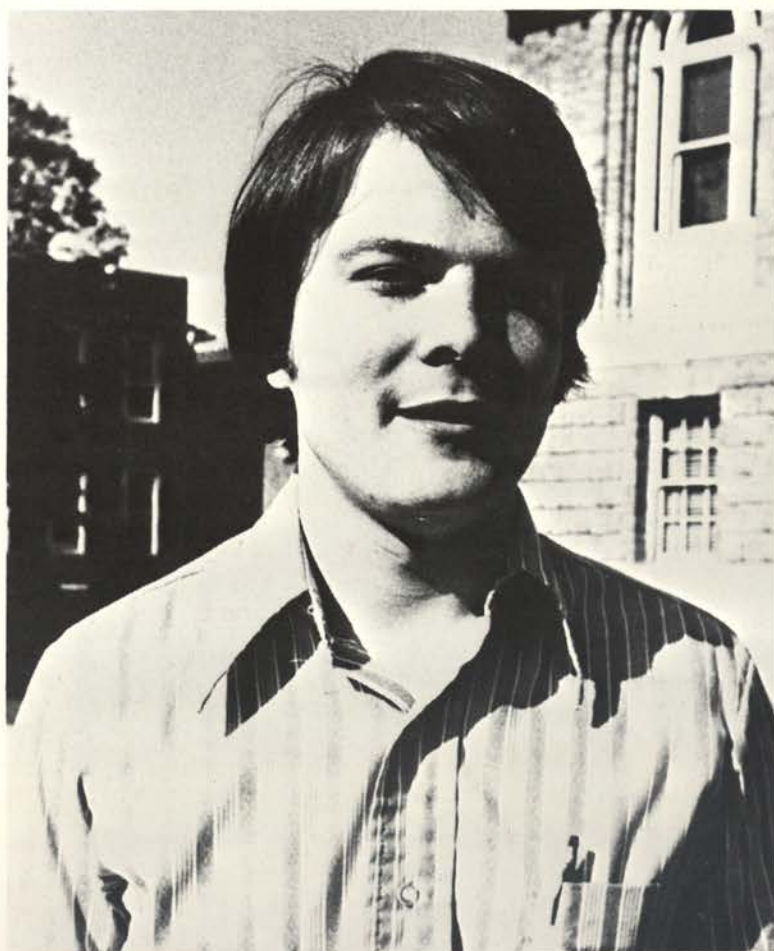

"College offers a student many aspects of an education; studies are important, but the greatest educational opportunity available lies within the students themselves. An academic education is extremely vital in today's society, but unless a student can associate and motivate himself with other people, he has neglected himself of not only a part of his education, but of a part of his life as well."

Tom DePauw

"The greatest part of your education at UMR can be from campus involvement; it teaches you how to deal and work with people, which is really what you'll be doing out in industry."

John Haley

"I think too many students miss a very important part of their college career by not taking an active part in one or more extracurricular activities. Too many students are weekend warriors. They leave Rolla as early as they can on Friday afternoon and don't return until Sunday evening. This makes it all the more difficult to become active on campus. I think, if Rolla and UMR offered more activities of interest to students one would not see this mass migration out of Rolla every weekend."

Charley McGinty

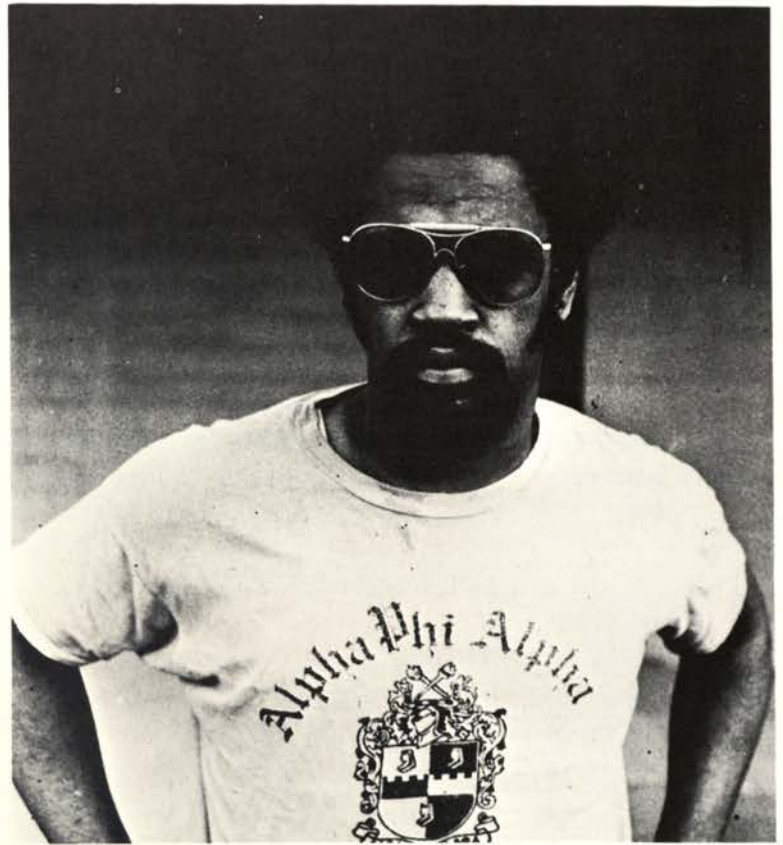

"An institution of higher learning is not merely an abode for an academic education; rather it also serves as a foundation for social development and world enlightenment."

Bud Bruns

"I think that the organizations you belong to are as important to your education as the classes you attend. Organizations teach you how to work with people."
Carol Langemach

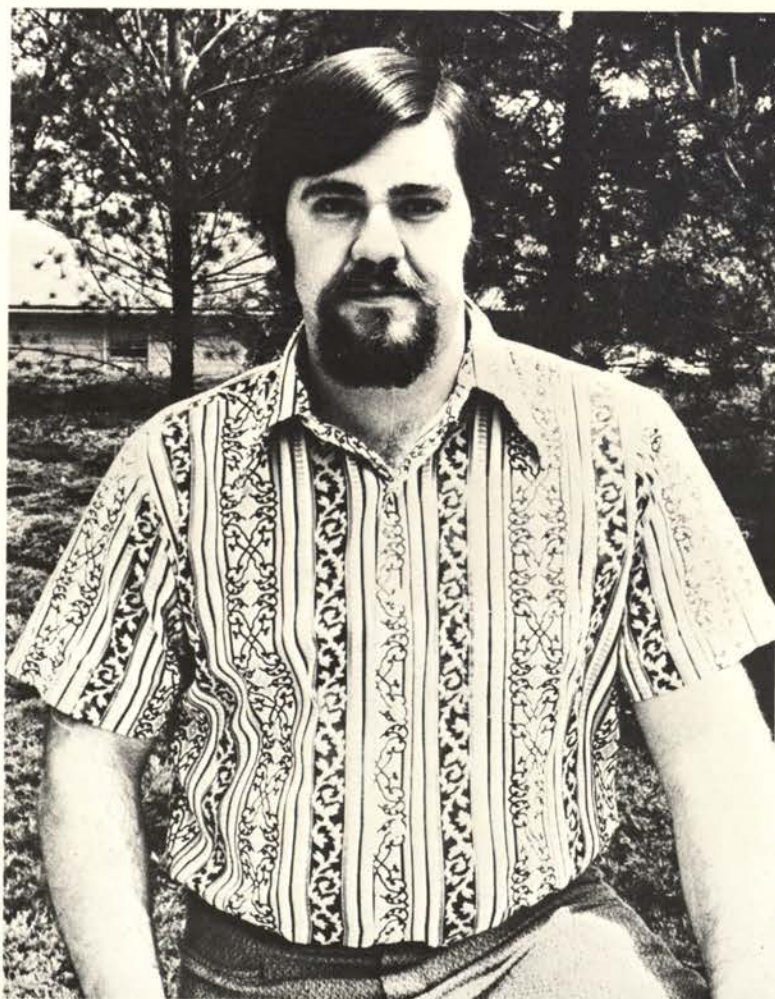

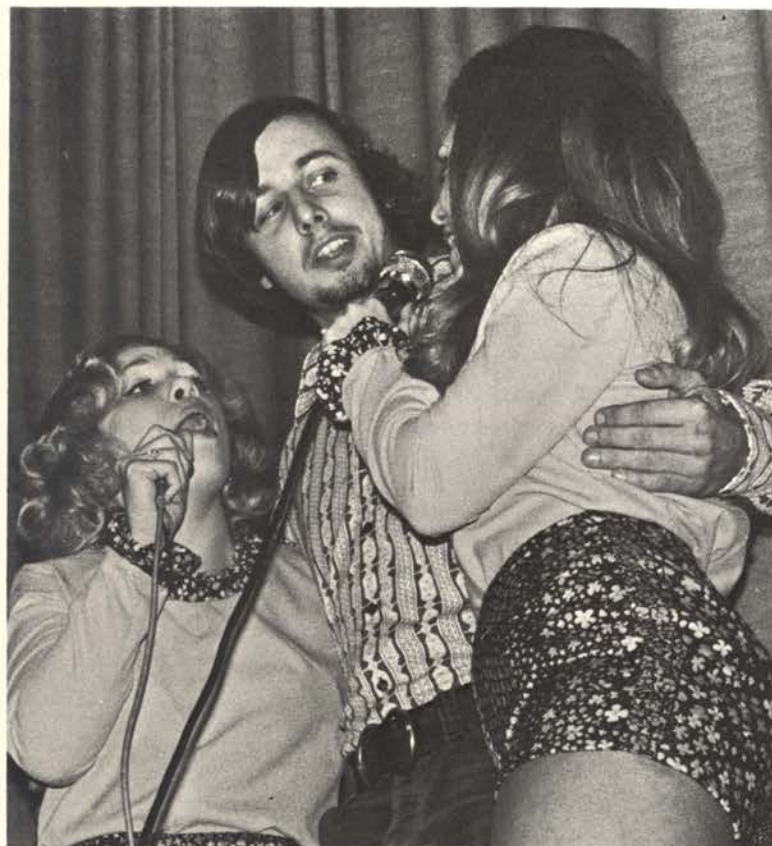

"Brothers, let's build on the foundation which our engineering curriculum has prepared us; even though the road to success tends to be unpaved at times."
Darryl Moore

"Through participation in extracurricular activities, especially the Student Council, I've learned that it's more important to strive for a "four point" not in your course work but in life-with other people."
Rosemary Rois

"It's a small atmosphere. It's more home, more conducive to developing relationships with different people in your department. You get to do a lot more as part of the school."

Jim Mulligan

"The power of positive thinking was one my greatest aids in my college career. It's amazing, but true, that whatever the mind can conceive and believe, one can achieve, if he believes in himself."

Craig Fadem

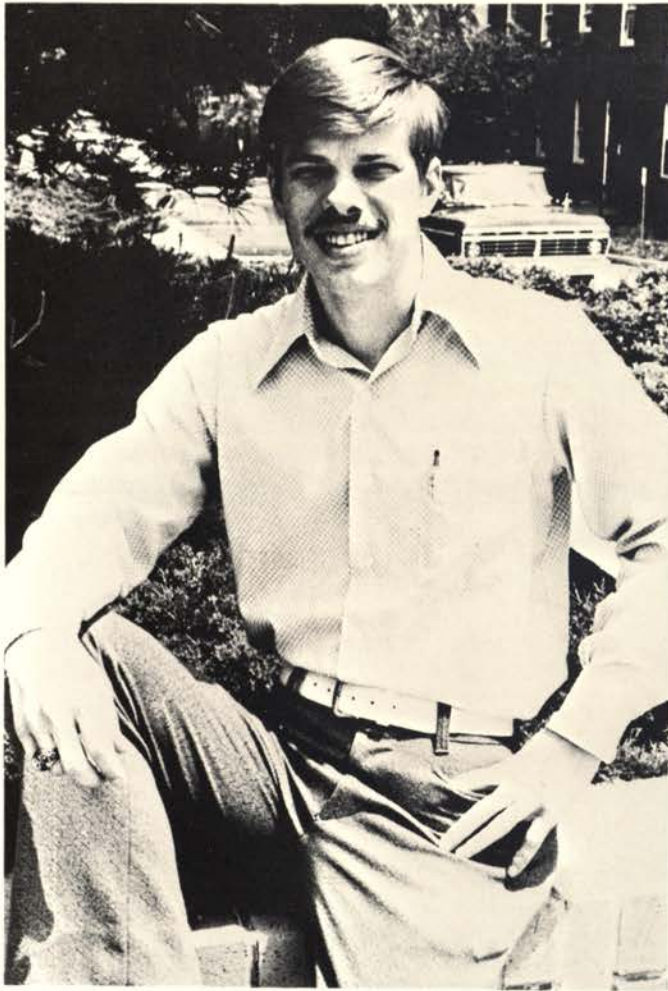

"Extra-curricular activities expand your opportunities for new activities, new friendships, and responsibility and leadership experiences. It's an aspect of school life that no one should miss-if they do, they've missed half of what they're here for."

Diane Dawson

"The spirit of St. Pat's has dropped significantly since 1967 unfortunately. Fewer shillelaghs and beards are seen each year. St. Pat's used to bring the whole student body together. It was a super weekend that everyone really looked forward to."

Pete Dawson

"The UMR student probably spends more time on extracurricular activities than students elsewhere. It's a matter of psychological survival. Involvement disrupts monotony and broadens education."

Steve Goldammer

*"Dear Scooter,
trips, hustle, offers, prediction, decision, career?
location, hurry--need to know, letters on wall, spacily
nasty, short 4 years, Electrical Board of Trade
"Best All Around". Tough: Scared*

*"Not for wealth, rank or honor,
but for personal worth and character."*

*Love
Steve Bergholdt*

"In college people really grow up and learn a lot about living and working with people and what the business world is all about."

Paul Burke

"Unlike what a lot of people in this school think, there is a lot more to an engineering education than what is in the textbooks. An employer wants more than someone to push a slide rule—they want someone who can communicate and work with other people. That's why people have to be involved in activities other than just classwork."

Gerry Wappelhorst

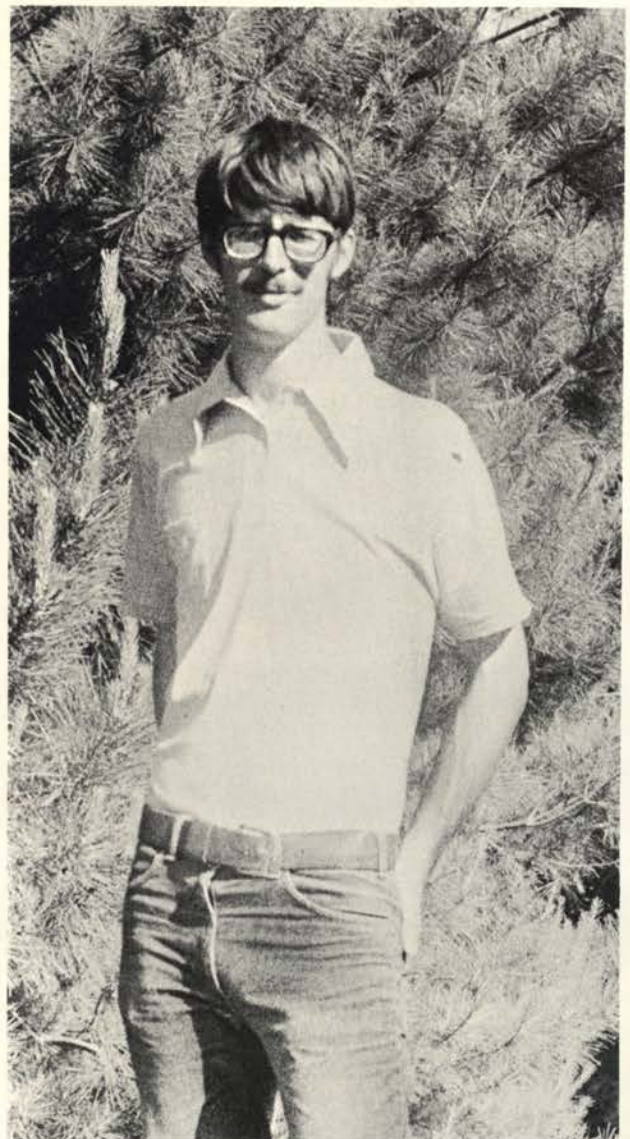

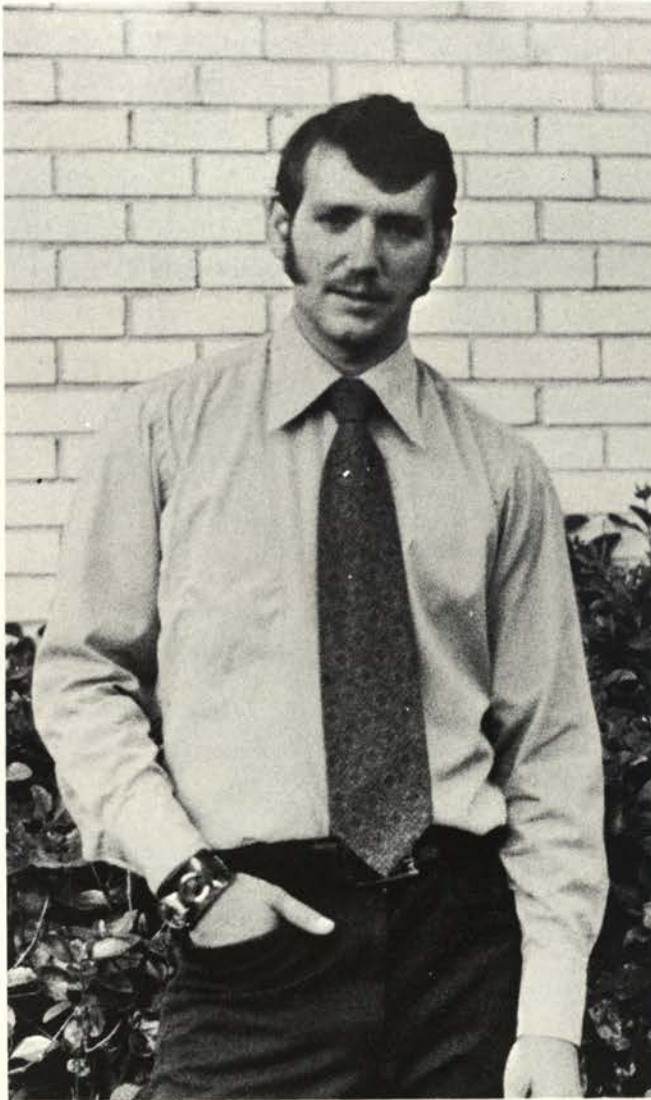

"This place can be quite desolate at times, and the student finds that he must become involved to escape the pressures."

Dave Kroeter

"The secret to getting through Rolla is realizing the most important lessons are learned outside the classroom."

John Dodge

"The present criterion for determining a professor's status should be changed to include, as it's primary element, the results of a student conducted evaluation system, for it is very apparent that many professors are apathetic about their teaching ability."

Tom Akers

"To me the most important thing one can develop in four years of college is the ability to communicate with and work with people."

James L. Hess

The main purpose of the ROLLAMO is to serve as a historical memoir of college days. A book that you can pick up 10 years from now and relive some of the events that happened during the 1972-1973 school year. I feel each editor did an outstanding job in fulfilling this commitment.

This year we semi-dedicated the book to the new student University Center. Mainly because without student support, the new "Union" would not of become reality as quickly as it did and without this same student support the ROLLAMO could not be published. Student support is necessary for the survival of every organization and activity at UMR and I hope this support keeps up. If you as an individual feel that the book could be improved please join the staff and help bring about these improvements.

I'm not going to single out any individual praise for various sections, primarily because everybody did such a good job, that their sections will speak for themselves. Besides doing a fine job, the editors stuck pretty close to their deadlines, and we were able to get the book to the publisher by the end of May. Which is the earliest it has ever been turned in. I would like to express appreciation to both the photographers and the staff members, who do so much work for the book and get no special recognition. Individuals like those listed on the preceding page contribute many creative and useful ideas to the book. I would like to thank them all for their support.

Finally I'd like to thank the student body for giving me the opportunity to serve as Editor. Because it has truly been one of the most challenging and rewarding experiences of my life.

Thank you,

A handwritten signature in cursive script that reads "Dave Barczewski".
